Subject: no to yucca mountain as permanent repository of high level nuclear waste

LSN: Relevant - Not Privileged

User Filed as: Excl/AdminMgmt-14-4/QA:N/A

I [ Yucca mountain is a bad site for permanent disposal of the nations high level radioactive waste ,and it is a bad idea to start transporting the high level waste from the reactor sites all over the country to this one bad site.i oppose yucca mountain as a repository,because it is leaky and geologically unstable as the nations high level nuclear dump. sincerely tressie hall 643 big run rd. piketon,ohio 45661 ]
