I [ have learned that the DOE is planning to go ahead and make the Yucca mountain a radioactive waste dump site. As MURPHY'S LAW states-"if it can go wrong it will go wrong". You are going to make a large part of western United State inhabitable. Of all the department's bad ideas, this may be the worst. You really need to reconsider this. Thank you. ]

Start the year off right. Easy ways to stay in shape in the new year.
