1 [---> I do not want Yucca Mtn. used for the all states dump. Our LV Tourism would definitely be effected if just 1 accident or terrorist attempt would take place, even if nothing serious happened. I've lived here for 30 years and so many I talk to said they would move if this is approved.

Each Site (like Yucca Mtn.) should have surrounding states only use the Site. That way if would be less of a risk driving a short distance rather than across so many states to get to NV. North, South, East and West, and a few inbetween used as Dummy Fake Sites should be available for this very serious problem - not just one location. I vote NO]
