1 [ ---> All websight suggested reading aside. This local is pro-repository, for safe transport. In consideration of the 2017 suggested repository budget. Seems as though short comings in the current fiscal budget, (cuts) are a swift kick in the \*\*\*. Between these to suggested time frames an equilibrium concerning cost, infrastructure, and over all public opinion. As to the effectiveness of the proposed bigger picture ie, My opinion, (future storage) vs (present acceptable distribution holding). This Silverstate Ram is wishing for a clear understanding of the mass of this nations pellet waste. until we move it we speculate. Go figure. After all isn't a model an effective means of measuring a mass.

No other past endeavor affects such a vastly misunderstood, uneducated, inconclusive, disagreeable, bunch of fingerpointing, prone, to filibustering. I'll hold my opinion here to offer a thumbs up, go ahead, wish I could write this in every known language and spray paint it to the back of every authorized cdl card carrying transport vehicle in our blessed country. Please excuse my grammitical errors. This was a timed evolution. the time at my submission is 19:27 Thursday, January 10 2008 P.S.T ]
