1 [----> the idea of putting nuclear waste 90 miles from a prosperous city like Las Vegas is unbelievable. No one knows how long the waste containers will hold. Las Vegas is one of the fastest growing cities in the country. We depend on tourism to sustain our way of life. As a long time resident , this idea of bringing nuclear waste so close to home, I would seriously consider moving from the state. It doesn't matter what the "experts" say, because in my opinion, no one has lived long enough to really know what the long term effects could be.]
