

iPortal

iManage Business Intelligence Portal

August 8, 2008

iPortal Coming August 29th!

iManage is excited to announce the upcoming launch of iPortal on Friday, August 29, 2008. What is iPortal? iPortal is a new online resource that provides integrated business intelligence tools to support the DOE financial community. iPortal focuses on:

- **Connecting our People:** iPortal connects the DOE financial community by enabling members to keep informed, share best practices, and build relationships.
- **Simplifying our Work:** iPortal centralizes links to iManage systems and resources to help the DOE financial community work more efficiently.
- **Liberating our Data:** iPortal enables the DOE financial community to store and share financial resources and view results for common financial queries and transactions.

In the coming weeks we will be providing additional information about iPortal and how you can register to access. Stay tuned!

Connecting our People. Simplifying our Work. **Liberating our Data.**
