

**U.S. Department of Energy Supplemental  
Yucca Mountain Rail Corridor and Rail  
Alignment Environmental Impact Statement**

**SCOPING COMMENT SHEET**

060043

RECEIVED BY OCRWM CCU

DATE: 11/29/2006

Name: Betty Easley

**COMMENTS:**

I think that having the railway come through Mineral County on the east side of Walker Lake and through the Mina area would be great if: the military would also have usage and also the private companies that are coming to Mineral County. Because of the military base and the overwhelming percentage of public owned lands in Mineral County our economic base is very limited and rail access for what development we can have land available for is an added incentive for them to come.

It would be a crime to use taxpayer's money to build a railroad not available for usage that would have such an economic impact on our county.

Please feel free to attach additional pages (if mailing, more postage may be needed).
