Comment Text :

-->Stop Yucca Mountain now! Everyone should keep their own waste in their own backyard. Don't move it to my backyard. Moving the waste will be the most dangerous part of the whole stupid idea. How would you like a train filled with nuclear waste coming through your town when you least expect it? Accidents happen, and now unfortunately terrorism happens. Keep and manage the waste where it is!

Thank you for your consideration on this manner,

Deon Reynolds
