FOR REPAYMENT EQUALIZATION AND RESERVE FUNDS CONTRIBUTION
EXTENSION

THIS AMENDATORY CONTRACT, made this _____ day of _____, 2007, between the UNITED STATES OF AMERICA, hereinafter called the "United States", acting through the Secretary of the Interior, pursuant generally to the Act of June 17, 1902 (32 Stat. 388), and acts amendatory thereof or supplementary thereto, particularly, but not limited to Sec. 9(d) of the Act of August 4, 1939 (53 Stat. 1187), as amended and supplemented, the Act of December 22, 1944 (58 Stat. 887), and the Act of July 2, 1956 (70 Stat. 483), all collectively known as the Federal Reclamation laws, and the WEBSTER IRRIGATION DISTRICT NO. 4, an irrigation district organized and existing pursuant to the laws of the State of Kansas, with its principal place of business in Gaylord, Kansas, hereafter called the "District".

WITNESSETH, THAT:

The following statements are made in explanation:

EXPLANATORY RECITALS

WHEREAS, by Contract No. 039D6B0002 dated June 20, 2002, the District contracted with the United States for the use of and repayment for the water supply and distribution works, in accordance with Reclamation Law; and

WHEREAS, Public Law 109-386 (P.L. 109-386) provides that the Secretary of the Interior may equalize the annual total repayment obligation under the Contract for the distribution works construction charge and the water supply repayment obligation for the remaining water supply repayment period. The base for equalization of the total payments is the current annual water supply repayment obligation. P.L. 109-386 also allows the Secretary to delay the scheduled increase to the annual reserve fund deposits for ten years; and

WHEREAS, the District has requested that the Contract be amended to implement the provisions of P.L. 109-386; and

WHEREAS, in order to implement the provisions of Public Law 109-386, the United States agrees to amend the existing Contract.

NOW THEREFORE, in consideration of the mutual and dependent covenants herein contained, it is agreed between the parties hereto as follows:

1. Article 5b is deleted in its entirety and replaced with the following:

“ b. The District made annual water supply payments of \$5,122 in 2003 and 2004. The 2005 annual payment was deferred. The District shall make water supply payments of \$5,122 beginning in 2006 and continuing through 2011, \$15,367 for 2012 and 2013, \$12,806 in 2014 and continuing through 2042. The parties agree that any base payments that are in excess of the calculated ability to pay of the District are made in part in consideration of the conversion of Part A of the 1951 contract to a repayment contract pursuant to Subsection 9(d) of the Reclamation Project Act of 1939. The parties agree that notwithstanding the future determinations regarding ability to pay, the payments set forth in (b) herein shall not be reduced.”

2. Article 5c is deleted in its entirety and replaced with the following:

“ c. The District shall also repay such additional sums against the water supply works cost as may be within the District’s ability to pay as determined by the Contracting Officer in accordance with Reclamation policy; Provided, that such additional payment shall not be assessed unless and until the District’s ability to pay exceeds the base payment called for in (b) above, at which time the District’s annual water supply payment shall be the sum of the base payment called for in (b) above plus an ability-to-pay payment which shall be the net amount by which the District’s determined ability to pay exceeds the District’s base payment in (b) above. This additional sum against the water supply works cost does not affect the annual obligation or total obligation due for the distribution works construction obligation provided for in Article (6) of this Contract.”

3. Article 6a is deleted in its entirety and replaced with the following:

“ a. The United States has made reimbursable expenditures of \$1,057,450 for construction of distribution works. The District, under the 1957 contract, has repaid \$754,300.25 of this amount. In addition, the District made scheduled annual distribution works payments of \$33,682 in 2003 and 2004. The 2005 annual payment was deferred. The District made a distribution works payment of \$6,474 in April 2006. The District shall repay to the United States the remaining unpaid balance of \$229,311.75 in accordance with the payment schedule in Attachment A, which is attached hereto and made a part hereof.
