

Dear Sir \_\_\_\_\_ 5-7-97

As a lowly 82 year old taxpayer and voter I am outraged at the suggestion of changing "Made in America."

We have bowed to Socialism with NAFTA and WTO.

Now you would allow foreign parts to be listed as American.

Since NAFTA and WTO our industries have closed and relocated in foreign lands,

Is this just another step to Socialism and a one world order?

Never-never-never.

Yours truly
