We are constantly losing our jobs to overseas cheap labor. Big Business cares nothing about the American worker who made him wealthy in the first place.

The only thing we had to be proud of was made in the U.S.A. and now the FTC wants to take that away from us.

There is no one in Washington no Lobbyist or anyone standing up for the average American worker.

We watch the rich get richer & poor get poorer.

Do something for us the American people who worked all their lives made the mfg rich & watched

them move overseas.

Another thing the countries
we help, Israel, Egypt. Later
American ^{then} we help them &
they buy Japanese cars.
How much help do they
get from the Japanese.

No one sticks up for the
American people it's all about
Big Business
