OFFICE OF THE CHIEF CHAIRMAN

Robert P. Lofsky
FTC Chairman

The proposed law allowing
companies to advertise that
their products are made
in the U.S.A. when in fact
they could have up to 25%
foreign ^{content} is a
move that would encourage
American companies to
move more jobs overseas or
to Mexico.

424 Already have
enough of that going on
with NAFTA, assuming
American jobs without giving
respective companies
more ways to decrease the
American consumer.

~~Do~~ Do not let
this happen!

if it says made in
the U.S.A. it should
be made in the U.S.A.
