Dear Sirs;

I strongly oppose any change in the designation "MADE IN USA."

As a second generation american I welcome legal immigrants to my country. As a capitalist I applaud free trade (with-in limits). As a consumer I insist on knowing just where my purchases are made. I try to buy american - it is becoming harder and harder to find things, especially clothing, made here.

Please continue with the high-standards you have set for "MADE IN USA."

Sincerely,

Erma B. Braswell
