

Gentlemen:

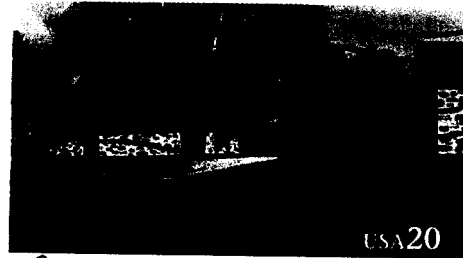

7/21/97

Regarding the "Made in USA" label,  
it should only mean 100% made in  
the 'U'.

I always watch what I buy and  
where products are made, I believe  
American<sup>made</sup> products are the best  
in the world. Foreign made products  
are inferior and feel a part fact.  
Thank you.
