Attention Secretary Donald Clark

My name is Rocco  
Terranova, I am a member of Local #73  
Sheet-metal workers Chicago, Illinois. I  
am outraged, disgusted, Sorry and angry,  
that the FTC would even consider letting  
anyone put the Made in U.S.A. Label  
on any clothes partially made here.  
I appreciate and would expect your  
patriotic support on this issue.
