Secretary Donald Clark July 16-97
 Federal Trade Commission

Dear Mr. Clark,
 As a citizen of the U.S.A., I strongly
 object to letting Corporate America
 use the label Made in the U.S.A.
 on goods shipped into this
 Country that is 75% Made in
 some other Country. and then
 try to fool the American
 Public into thinking they are
 buying Products Made in the
 U.S.A.

I hope you will not let
 this happen.
