Dear Sir

I just read an article in a magazine stating that the F. T. C. is considering changing, or worse yet accepting proposals that would allow articles made outside of the United States of America to be brought into this country and bear the

Made in the U. S. A. label on such articles. To say I was outraged is an understatement. I am ashamed that my fellow countrymen would even consider such a fraudulent act. I am now writing my state representatives of this heinous and shameful use of power and deceit.

I would hope, and I pray that no such proposals ever reach your desk.

Sincerely  
 Edward P. Sullivan
