Dear Mr. Secretary:

Please reject this legislation/bill on idea about the identification of materials and goods manufactured in OR out of the United States that allows a confusing mix of Country of Origin, so that buyers cannot identify the maker and/or country of manufacture.

All goods manufactured in America must be plainly & clearly labeled "Made in America". products produced in countries Other than the United States must be clearly marked or labeled as to origin of manufacturer.

Thank you,

James M. Howells
