Dear Mr. Secretary:

Please reject this legislation/bill on
idea about the identification of materials
and goods manufactured in or out of the
United States that allows a confusing mix
of Country of Origin, so that buyers cannot
identify the maker and/or country of manufacture.

All goods manufactured in America must
be plainly & clearly labeled "Made in America".
Products produced in countries Other than
the United States must be clearly marked or labeled
as to origin of manufacturer.

Thank you,

James M. Howells
