Dear Sir:

As for "Made in USA" Labels, the item should be made 100% in the USA. Not a Screwdriver Factory, or assembled here with Foreign parts.

We oppose this 100%! Support 100% USA Made.

As a fact, we also oppose NAFTA + GATT. Nevermind expanding NAFTA. We need to repeal

it! Too many jobs lost due to NAFTA.

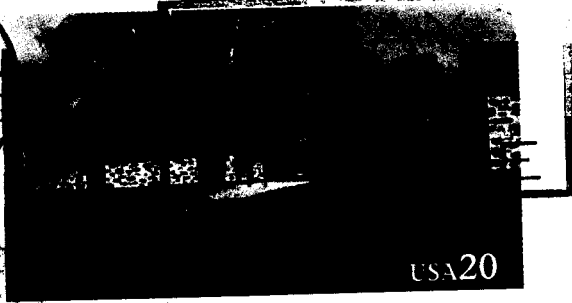

You don't have to worry about your job, but millions of people are concerned about losing their jobs.

Be a Patriot - NOT a TRAITOR! Ruth + Gus Ludwig
