More information 

Priority access

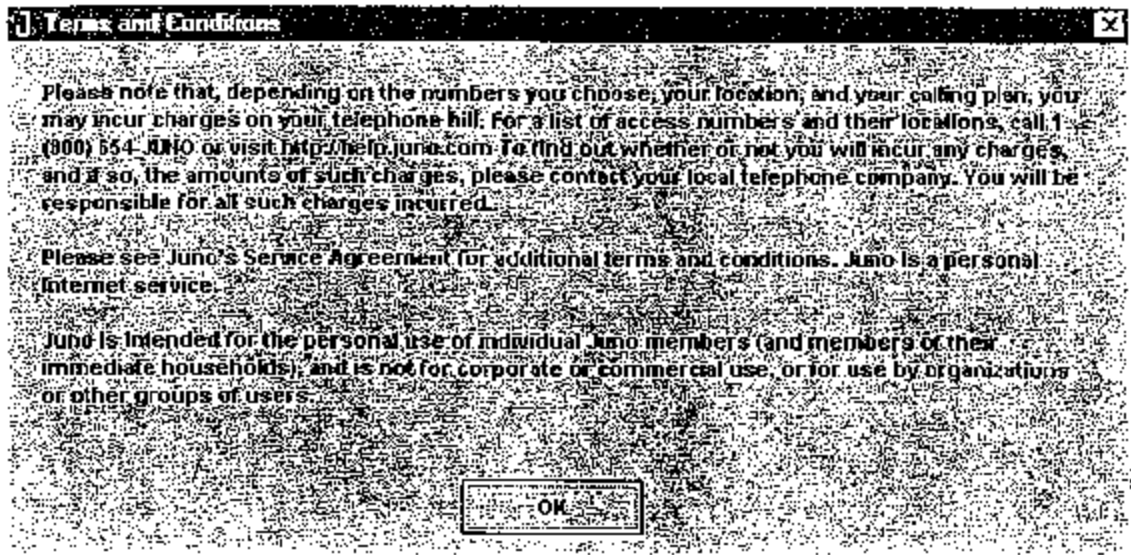

With Juno Web, you'll have priority access to thousands of dial-up numbers. Juno Web helps you avoid unwanted busy signals when you need to get online, and gives you more reliable connections.

System Requirements

 Jindo requires Windows 95, Windows 98, Windows 2000, Windows Millennium, or Windows NT 4.0 (SP3). Windows Dial-Up Networking software (DUN/BAS) must be installed on the computer where you use Jindo. If you don't have the software installed, Jindo will ask you to install it from your Windows CD-ROM or disks.

More Information ✕

Please note that you will continue to be responsible for all charges incurred on your telephone bill. You may incur such charges depending on the numbers you choose, your location, and your calling plan. For a list of access numbers and their locations, call 1 (800) 586-6889 or visit <http://help.juno.com>. To find out whether you will incur any charges, and if so, the amounts of such charges, please contact your local telephone company.

Juno Web: Congratulations!

Congratulations!

Welcome, Juno Web member!

Thank you for choosing to subscribe to Juno Web, our premium Internet service. Your Juno Web subscription will be activated as soon as your order has been processed. We'll then begin charging you the LOW* rate of \$9.95 per month.*

Within the next few days, you'll receive an electronic gift certificate in your Juno e-mail inbox from youngfchoice.com/silver. Use this gift certificate to claim your FREE gift!

In order to begin using our Juno Web service, please check your e-mail (by clicking on the "Get New Mail" button) so we can register you as a member. This activation process is usually immediate, but you may have to wait up to two hours before you can begin fully using Juno Web. Once registered, you'll have more access numbers to choose from, and the floating advertising banner will disappear.

We look forward to serving you!

*Additional phone charges may apply. Live technical support is available for a fee of \$1.95/minute.

More Information ✕

Q: Do I really get Juno Web for ONLY \$9.95 per month?

A: Yes. As a Juno member in good standing, you're important to us. That's why we're offering you this special LOW price when you sign up for Juno Web. Keep in mind that additional phone charges may apply. Live technical support is available for a fee of \$1.55/minute.

More Information ✕

Q: What do I get with Juno Web that I don't get with my free basic service?

A: Our premium service gives you quality and reliability above and beyond our free basic service. You get access to thousands of dial-up numbers nationwide to help you avoid busy signals. Additionally, because Juno Web doesn't include the Juno Guide, you'll see fewer advertisements while you're online. Best of all, Juno Web doesn't have the same constraints that may be associated with your free service. You can get online whenever you want to.

More Information X

Q: I don't have time for busy signals. How does Juno Web help me avoid them?

A: With Juno Web, you'll have priority access to thousands of dial-in numbers. Juno Web helps you avoid unwanted busy signals when you need to get online, and gives you more reliable connections.

More Information ✕

Q: Will signing up for Juno Web affect my e-mail address? Will I have to change how I use Juno?

A: When you sign up for Juno's premium service, you'll keep the same e-mail address you currently use, and it will work exactly the way it works now—you don't have to change a thing.

More Information 

Q: Will I continue to see the Juno Guide when I'm on the Web?

A: As soon as you become a member of our premium service, you'll no longer see the Juno Guide while you're on the Web. This means fewer advertisements while you surf.

More Information 

Q What if I have technical problems?

A You can use Juno's extensive online Help Center—just click on the "Help" link on Juno's home page. Or, you can get live assistance from a Juno representative for \$1.95/minute.

More Information 

Q: Why should I choose Juno Web over the competition?

A: Juno Web gives you high-quality, easy-to-use Internet service, at an incredible price! With this special offer, Juno costs significantly less than what our major competitors charge, and gives you great online features. Try Juno Web, and see why it's the right choice.

More Information 

Q: I'm happy with my free service. Why should I try Juno Web?

A: Now's the perfect time to try premium internet access. You can get Juno Web for the LOW price of just \$9.95/month. Best of all, Juno Web doesn't have the same constraints that may be associated with your free service. You can get online whenever you want to! Try it and see the difference for yourself.

More Information 

Q: Do the additional access numbers have a 56K connection capability?

A: Over 99% of Juno's access numbers allow you to connect at speeds up to 56K, and most support the V.90 standard.

More Information 

Greater quality and reliability

Our premium service gives you quality and reliability above and beyond our free basic service. You get priority access to thousands of dial-up numbers nationwide to help you avoid busy signals. In addition, since Juno Web doesn't include the Junk Guide, you'll see fewer advertisements while you're online.

More information X

Your FREE gift

Time is pleased to present you with a free gift valued at £25 just for upgrading today. This gift, available through a partnership with yourgiftchoice.com/silver, is our way of saying "Thank you" for choosing premium Internet access. Once you upgrade, you'll receive a certificate in your Time e-mail inbox for any gift choice. Offer is good while supplies last. Please allow 14 business days for delivery after gift certificate is redeemed.

More Information ✕

Less advertising

As soon as you become a member of Juno's premium Internet service, you'll no longer see the Junk Guide while you're on the Web. This means fewer advertisements when you surf!

More Information x

A great bargain!

Juno now offers you premium service for only \$9.95/month. If you've thought about trying Juno Web, why not take advantage of this special low rate?

System Requirements

 Juno requires Windows 95, Windows 98, Windows 2000, Windows Millennium, or Windows NT 4.0 (SP3). Windows Dial-Up Networking software (DUN/RAS) must be installed on the computer where you use Juno. If you don't have this software installed, Juno will ask you to install it from your Windows CD-ROM or disks.

Terms and Conditions X

Please note that, depending on the numbers you choose, your location, and your calling plan, you may incur charges on your telephone bill. For a list of access numbers and their locations, call 1-800-654-8810 or visit <http://help.juno.com>. To find out whether or not you will incur any charges, and if so, the amounts of such charges, please contact your local telephone company. You will be responsible for all such charges incurred.

Please see Juno's Service Agreement for additional terms and conditions. Juno is a personal Internet service.

Juno is intended for the personal use of individual Juno members (and members of their immediate households), and is not for corporate or commercial use, or for use by organizations or other groups of users.

Yes! I want premium Internet access from Juno at an incredible price!
