

May 21, 2008

U.S. House of Representatives  
Washington, D.C. 20515

Dear Member of Congress:

As organizations supporting the Food, Conservation, and Energy Act of 2008, we very much appreciate the 318-106 vote in the House for the Conference Report last week. We strongly urge you to continue to support the 2008 Farm Bill by voting to override the President's veto.

Communities across the nation, from urban to rural, have waited too long for this legislation. The Conference Report makes significant farm policy reforms, protects the safety net for all of America's food producers, addresses important infrastructure needs for specialty crops, increases funding to feed our nation's poor, and enhances support for important conservation initiatives.

This is by no means a perfect piece of legislation, and none of our organizations achieved everything we had individually requested. However, it is a carefully balanced compromise of policy priorities that has broad support among organizations representing the nation's agriculture, conservation, and nutrition interests.

Our organizations applaud the strong bipartisan leadership demonstrated by Congress in authorizing and approving a strong new five-year Farm Bill. Sound policy and long-term certainty are absolutely essential to everyone served by the Farm Bill, and the final Conference Report provides both.

Again, we urge you to support communities across America by voting to override the veto of the 2008 Farm Bill Conference Report.

Sincerely,

Access Community Action Agency (CT)
