III. Definitions of Terms and Acronyms Used in the Report

Basic terms expressed in common terminology. Terms are listed alphabetically.

- A. **Appeal:** a request to a federal agency asking that the agency review, at a higher administrative level, a full denial or partial denial of access to records under the FOIA, or any other FOIA determination such as matters pertaining to fees.
- B. **Average Number:** the number obtained by dividing the sum of a group of numbers by the quantity of numbers. For example, of 3, 7, and 14, the average number is 8.
- C. **Complex Request:** a FOIA request that an agency using multi-track processing places on a slower track based upon complexity and/or volume of records. *For purposes of this report, a Complex Request is a request that could not be processed within 30 workdays (20 workdays by statute plus a 10-workday extension).*
- D. **Denial:** an agency decision not to release a part of a record or records in response to a FOIA request because not all the information in the requested records is determined by the agency to be exempted under one or more of the FOIA exemptions.
- E. **Expedited Processing:** an agency will process a FOIA request on an expedited basis when the requestor has shown an exceptional need or urgency for records which warrants prioritization of the request over requests made earlier.
- F. **FOIA/PA Request:** Freedom of Information Act/Privacy Act request. A FOIA

request is generally for access to records concerning a third party, an organization, or a particular topic of interest. A Privacy Act request is a request for records concerning oneself; such requests are also treated as FOIA requests. All requests for access to records, regardless of which law is cited by the requestor, are included in this report.

- G. **Grant**: an agency decision to disclose all records in full in response to a FOIA request.
- H. **Initial Request**: a request to a federal agency for access to records under the FOIA.
- I. **Median Number**: the middle, not the average, number. For example, of 3, 7, and 14, the median number is 7.
- J. **Multi-Track Processing**: a system in which simple requests (requiring minimal work) are placed in one processing track, while more voluminous or complex requests (requiring extensive work) are processed in a first-in/first-out basis. Urgent requests for records may be expedited (see “Expedited Processing”).
- K. **Nondisclosure**: an agency procedural reason for not disclosing records, such as “no records exist,” “not an agency record,” or “request canceled.”
- L. **Partial Grant**: an agency decision to disclose a record in part in response to a FOIA request, deleting information determined to be exempt under one or more of the FOIA exemptions, or a decision to disclose some records in their entirety, but to withhold others in whole or in part.
- M. **Processed Request or Processed Appeal**: a request or an appeal with which an agency has taken final action. In this context, “processed” is synonymous with “completed.”
- N. **Segregability Review**: the act of reviewing a document, removing portions containing information that cannot be released under FOIA exemption(s), and then releasing the edited document to the requestor (see “Partial Grant”).
- O. **Simple Request**: a FOIA request that an agency using multi-track processing places in its fastest track based upon simplicity and/or volume of records. *For purposes of this report, a Simple Request is a request that was processed in 30 calendar days or less (20 workdays by statute plus 10 non-statute days [weekends and holidays] the request remains open).*
- P. **Time Limits**: the time period in the FOIA for an agency to respond to a FOIA request, ordinarily 20 workdays from proper receipt of the request.
