Global Security and Supply, Office of Fossil Energy
Room 3E-042
1000 Independence Ave., SW
Washington D.C. 20585

Dear Mr. Corbin,

As you already know, the State of Alaska and its residents rely on Alaska's natural resources, and the development and export of these resources as our primary source of income to our state. Specifically, in Kenai, Alaska, we rely on the export of Liquefied Natural Gas to fuel our economy. The local economy on the Kenai Peninsula is driven by the development and exportation of this Natural Gas. If we were to lose the LNG export license, the aftermath would be crippling to this area. The future of my business and many other businesses is dependant on the existence of the ConocoPhillips LNG Plant. I am writing this letter to ask you to grant the export license extension requested by ConocoPhillips and Marathon Oil.

I would be happy to discuss the issue if you have any questions. I can be reached at 907-441-6580.

Regards,

Jerry Hendriks
VP Alaska Operations
Puget Sound Pipe and Supply Co.
