

# **Unconventional Natural Gas: Industry Savior or Bridge?**

**Renaissance Ballroom West**

**3:25 p.m. - 4:55 p.m.**

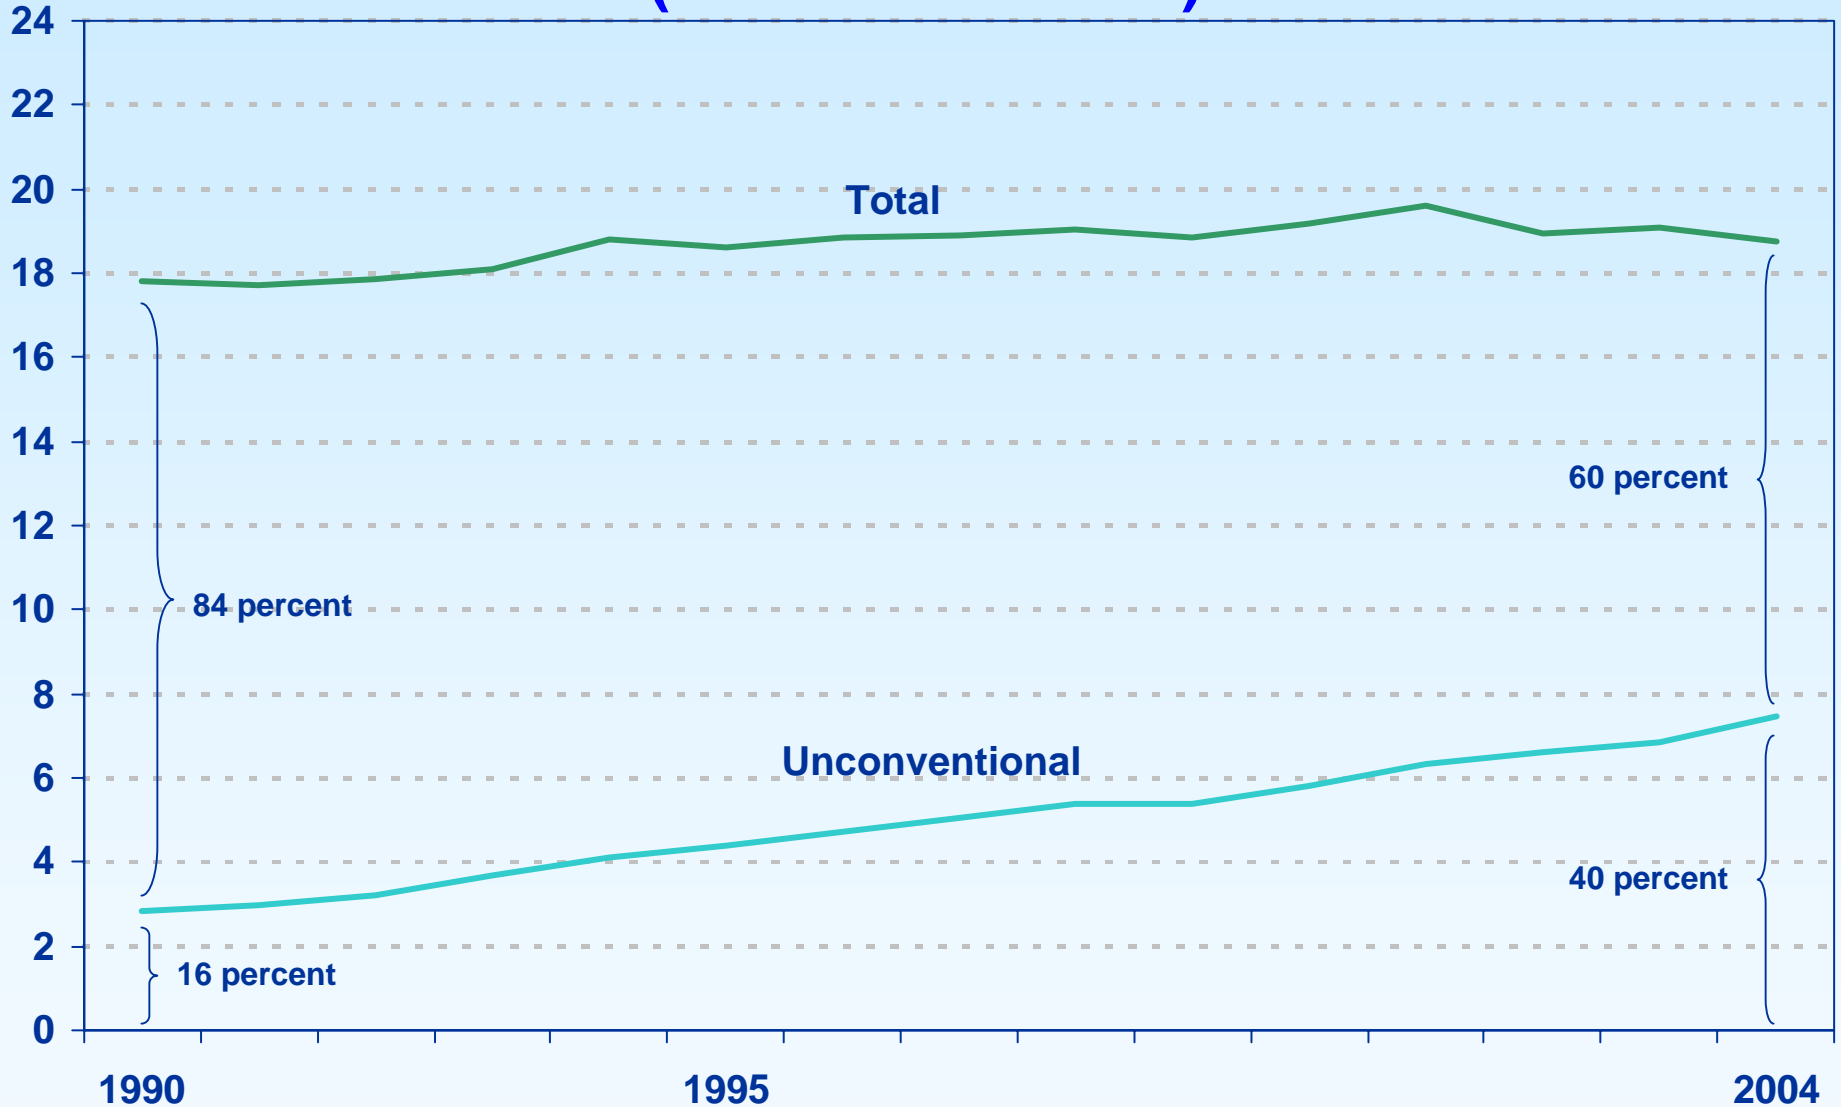

# Natural Gas Production, Consumption, and Imports, 1960-2030 (trillion cubic feet)

# Unconventional Natural Gas Production

## Rapidly Growing Share of Total U.S. Production

(trillion cubic feet)

# Issues

- *How big is the unconventional natural gas resource?*
- *What are the technology issues that need to be surmounted to develop that resource?*
- *From an operational perspective, what are the impediments to the development of the unconventional natural gas resource?*

# Speakers

- **Ted E. McCallister - Economist, Energy Information Administration**  
**“The Outlook for Unconventional Natural Gas in *AEO2006*”**
- **Vello A. Kuuskraa - President, Advanced Resources International**  
**“Is the Unconventional Gas Resource Base Sufficiently Large and High Quality?”**
- **Kent F. Perry - Director, E&P Research, Gas Technology Institute**  
**“Unconventional Gas Technology Issues”**
- **Robert S. Boswell - CEO, Laramie Energy**  
**“Impediments to the Development of Unconventional Natural Gas Resources in the United States”**
