Production, Prices, Employment, and Trade in Northwest Forest Industries, All Quarters 2004

Debra D. Warren

ABSTRACT

Warren, Debra D. 2006. Production, prices, employment, and trade in Northwest forest industries, all quarters of 2004. Resour. Bull. PNW-RB-250. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Research Station. 165 p.

Provides current information on lumber and plywood production and prices; employment in the forest industries; international trade in logs, lumber, and plywood; volume and average prices of stumpage sold by public agencies; and other related items.

Keywords: Forestry business economics, lumber prices, plywood prices, timber volume, stumpage prices, employment (forest products industries), marketing (forest products), imports and exports (forest products).

PREFACE

Due to temporary unavailability of trade data, this report was delayed. In the interest of efficiency and timeliness, all four quarters of 2004 are being published in one book. This report presents current information on the timber situation in Alaska, Washington, Oregon, California, Montana, Idaho, and British Columbia, including data on lumber and plywood production and prices; timber harvest; employment in forest products industries; international trade in logs, pulpwood, chips, lumber, and plywood; log prices in the Pacific Northwest; volume and average prices of stumpage sold by public agencies; and other related items.

Cooperation in supplying data has been received from the following sources: U.S. Department of Agriculture, Forest Service, Forest Inventory and Economics Research Staff in Washington, DC; Washington State Department of Natural Resources and Employment Security Department; Oregon State Department of Forestry and Department of Employment; California State Department of Employment and Department of Conservation; Montana State Forester and State Employment Service; Idaho State Department of Public Lands and Department of Employment; Alaska State Department of Labor and Department of Natural Resources of the Division of Lands; U.S. Department of Commerce; U.S. Department of the Interior, Bureau of Land Management and Bureau of Indian Affairs; British Columbia Department of Industrial Development, Trade, and Commerce; and a number of private industry associations, firms, and individuals.

The valuation definition used in the export statistics is the value at the seaport or border port of exportation. It is based on the selling price (or cost if not sold) and includes inland freight, insurance, and other charges to the port of exportation. Seattle Customs District includes all coastal and inland ports in the State of Washington, except Longview and Vancouver. Columbia-Snake Customs District includes all Oregon ports and Longview and Vancouver, Washington. Anchorage Customs District is the State of Alaska. San Francisco Customs District includes Monterey and all ports north of Monterey, California.

The statistical data are from secondary sources and are brought together to make such information more readily available. Sources are indicated for each table and can be contacted directly for means used in data collection.

Readers are cautioned that unit values should not be interpreted as accurate indicators of prices. Unit values for individual trade flows, especially those involving small volumes, frequently vary widely within a year, across origins or destinations, and through time.

AUTHOR

DEBRA D. WARREN is an economist, Pacific Northwest Research Station, Suite 400, 620 SW Main, Portland, OR. The mailing address is P.O. Box 3890, Portland, OR 97208-3890. The phone number is 503/808-2001, and the FAX number is 503/808-2033. This report is also available online in portable document format (pdf) at the following address: <http://www.fs.fed.us/pnw/pubs/rb250.pdf>.

Tables Included in This Series of Reports and Frequency of Updates

<u>TABLE NUMBER</u>	<u>TABLE TITLE</u>	<u>FREQUENCY OF UPDATE</u>
Lumber and Plywood Production and Prices		
1	U.S. softwood lumber and structural panel board production, 1993-2004	Quarterly
2	Lumber production in Northwest States, 1994-2004	Annually, second quarter
3	Softwood lumber production in the inland region, by species, 1994-2004	Annually, second quarter
4	Lumber production in the coast region, by species, 1994-2004	Annually, second quarter
5	Softwood structural panel board production in the United States, by State, 1994-2004	Annually, fourth quarter
6	Softwood lumber and plywood production in British Columbia, 1994-2004	Annually, second quarter
7	Wholesale prices of selected lumber products, 1993-2004	Quarterly
8	Wholesale prices of selected softwood plywood products, 1993-2004	Quarterly
9	Percentage of total volume and f.o.b. mill prices for Douglas-fir lumber, coast mills, 1993-2004	Quarterly
10	Percentage of total volume for ponderosa pine lumber, inland mills, 1993-2004	Quarterly
11	F.O.B. mill prices for ponderosa pine lumber, inland mills, 1993-2004	Quarterly
12	Percentage of total volume and f.o.b. mill prices for hem-fir lumber, inland mills, 1993-2004	Quarterly
13	Percentage of total volume and f.o.b. mill prices for hem-fir lumber, coast mills, 1993-2004	Quarterly
14	Weighted average f.o.b. mill prices for coast and inland lumber, 1993-2004	Quarterly
15	Average prices for domestic and exported alder, western region, 1993-2004	Quarterly
Timber Harvest		
16	Washington and Oregon timber harvest by ownership, 1994-2004	Annually, third quarter

Tables Included in This Series of Reports (continued)

<u>TABLE NUMBER</u>	<u>TABLE TITLE</u>	<u>FREQUENCY OF UPDATE</u>
17	British Columbia timber harvest, 1994-2004	Annually, third quarter
18	Montana and Idaho timber harvest by ownership , 1994-2004	Annually, third quarter
19	Alaska timber harvest by ownership, 1994-2004	Annually, third quarter
20	California timber harvest by ownership, 1994-2004	Annually, third quarter

Employment in Forest Products Industries

21	Employment in forest products industries in Washington and Oregon, 1993-2004	Quarterly
22	Total nonagricultural employment and employment in forest products industries in Washington and Oregon, 1994-2004	Quarterly
23	Employment in forest products industries in California and Alaska, 1993-2004	Quarterly
24	Employment in forest products industries in Montana and Idaho, 1993-2004	Quarterly
25	Employment, wages, unemployment, and population for the State of Oregon, by county	Annually
26	Employment, wages, unemployment, and population for the State of Washington, by county	Annually

Log, Pulpwood, and Chip Exports and Imports

27	Volume of softwood log exports from Seattle and Columbia-Snake Customs Districts by species and destination, 1993-2004	Quarterly
28	Value of softwood log exports from Seattle and Columbia-Snake Customs Districts by species and destination, 1993-2004	Quarterly
29	Average value of softwood logs exported from Seattle and Columbia-Snake Customs Districts by species and destination, 1993-2004	Quarterly
30	Volume and average value of softwood log exports from the San Francisco Customs District by species and destination, 1993-2004	Quarterly
31	Volume and average value of softwood log exports from Anchorage Customs District by species and destination, 1993-2004	Quarterly
32	Volume and average value of log exports by port, species, and destination, Seattle Customs District, 2004	Annually, fourth quarter

Tables Included in This Series of Reports (continued)

<u>TABLE NUMBER</u>	<u>TABLE TITLE</u>	<u>FREQUENCY OF UPDATE</u>
33a-d	Volume and average value of log exports by port, species, and destination, Seattle Customs District, all quarters 2004	Quarterly
34	Volume and average value of log exports by port, species, and destination, Columbia-Snake Customs District, 2004	Annually, fourth quarter
35a-d	Volume and average value of log exports by port, species, and destination, Columbia-Snake Customs District, all quarters 2004	Quarterly
36	Volume and average value of log exports by port, species, and destination, San Francisco Customs District, 2004	Annually, fourth quarter
37a-d	Volume and average value of log exports by port, species, and destination, San Francisco Customs District, all quarters 2004	Quarterly
38	Volume and average value of log exports by port, species, and destination, Anchorage Customs District, 2004	Annually, fourth quarter
39a-d	Volume and average value of log exports by port, species, and destination, Anchorage Customs District, all quarters 2004	Quarterly
40	Volume and average value of hardwood log exports from Seattle, Columbia-Snake, Anchorage, and San Francisco Customs Districts, 1993-2004	Quarterly
41	Volume and average value of alder log exports from the Seattle Customs District, 1994-2004	Quarterly
42	Volume and average value of log exports from southern California ports by species, 1993-2004	Quarterly
43	Volume and average value of softwood log exports to Canada from the Great Falls Customs District, 1993-2004	Quarterly
44	Volume of log exports from British Columbia ports by species and destination, 1994-2004	Annually, fourth quarter
45	Average value of log exports from British Columbia ports by species and destination, 1994-2004	Annually, fourth quarter
46	Volume and average value of softwood log imports of all species from Canada into Washington and Oregon, 1993-2004	Quarterly

Tables Included in This Series of Reports (continued)

<u>TABLE NUMBER</u>	<u>TABLE TITLE</u>	<u>FREQUENCY OF UPDATE</u>
47	Volume and average value of pulpwood imports from Canada into the Seattle Customs District, 1993-2004	Quarterly
48	Volume of pulp exports by selected grades from Seattle, Columbia-Snake, Anchorage, and San Francisco Customs Districts, 1993-2004	Quarterly
49	Average value of pulp exports by selected grades from Seattle, Columbia-Snake, Anchorage, and San Francisco Customs Districts, 1993-2004	Quarterly
50	Volume and average value of all chips exported from the Seattle, Columbia-Snake, San Francisco, and Anchorage Customs Districts, 1994-2004	Quarterly
51	Volume and average value of softwood chips exported from the Seattle, Columbia-Snake, San Francisco, and Anchorage Customs Districts, 1994-2004	Quarterly

Lumber, Plywood, and Veneer Exports

52	Volume of softwood lumber exports from Seattle and Columbia-Snake Customs Districts by species and destination, 1993-2004	Quarterly
53	Value of softwood lumber exports from Seattle and Columbia-Snake Customs Districts by species and destination, 1993-2004	Quarterly
54	Average value of softwood lumber exports from Seattle and Columbia-Snake Customs Districts by species and destination, 1993-2004	Quarterly
55	Volume and average value of softwood lumber exports from southern California ports by species and destination, 1993-2004	Quarterly
56	Volume and average value of softwood lumber exports from northern California ports by species and destination, 1993-2004	Quarterly
57	Volume and average value of softwood lumber exports from Anchorage Customs District by species and destination, 1993-2004	Quarterly
58	Volume and average value of lumber exports by port, species, and destination, Seattle Customs District, 2004	Annually, fourth quarter

Tables Included in This Series of Reports (continued)

<u>TABLE NUMBER</u>	<u>TABLE TITLE</u>	<u>FREQUENCY OF UPDATE</u>
59a-d	Volume and average value of lumber exports by port, species, and destination, Seattle Customs District, all quarters 2004	Quarterly

Conversion Factors Used in This Report

For logs: 4.53 cubic meters equals 1 thousand board feet

For lumber: 2.36 cubic meters equals 1 thousand board feet

For veneer: 92.9 square meters equals 1 thousand square feet

For plywood: .885 cubic meters equals 1 thousand square feet (3/8-inch basis)

For chips and pulpwood: .907 metric tons equals 1 short ton

This page has been left blank intentionally.
Document continues on next page.

Western Lumber Production and Prices

- Softwood lumber production

A total of 18.6 billion board feet of softwood lumber was produced in the Western United States in 2004, and the total U.S. figure was 38.2 billion board feet (table 1). Total softwood lumber production in the fourth quarter of 2004 was 9.3 billion board feet, and 48.8 percent of that was produced in the West.

- Wholesale lumber prices

Average wholesale prices increased in 2004 for all of the selected lumber products (table 7). Year-end 2004 prices averaged a 33.1-percent increase from year-end 2003, across all five selected lumber products.

Plywood Production and Prices

- Plywood production in 2004

United States softwood structural panel board production in 2004, at 28,936 million square feet (3/8-inch basis), increased 5.6 percent from 2003. Production in the fourth quarter of 2004 was 7,258 million board feet, down from the third quarter volume of 7,351 (table 1).

Wholesale prices of selected plywood products increased from 2003 to 2004. Year-end 2004 prices averaged a 37.8-percent increase (table 8) from year-end 2003 prices.

Employment in Forest Products Industries

- Employment numbers for 2004

The number of persons employed in the lumber and wood products industries decreased in 2004 in Oregon and Washington (table 21). Once again, third quarter 2004 employment numbers were higher than the other quarters.

In Oregon, there were 10.4 direct jobs per million board feet of timber harvested in 2004 (using the harvest figures from table 16). The data for the Washington timber harvest were not yet available at printing time.

Log, Pulp, and Chip Exports

- Washington and Oregon log exports

Log exports from Washington and Oregon ports totaled 621.9 million board feet in 2004, as compared to 561.6 million board feet in 2003. In 2004, Washington Customs District exported 225.9 million board feet of logs to all countries, and Oregon Customs District exported 396.0 (table 27).

- Log export prices for Washington and Oregon

Softwood log exports from Washington and Oregon ports averaged \$783.51 (per thousand board feet) in 2004, up from the 2003 average of \$658.05. The fourth quarter 2004 values for both states averaged \$778.15 (table 29), down from \$822.56 in the third quarter of 2004.

- Log exports from California and Alaska

San Francisco Customs District exported 307 thousand board feet of logs in 2004, compared with 76 in 2003 (table 30). The Anchorage Customs District exported 175.3 million board feet of logs in 2004, compared with 305.6 in 2003 (table 31).

- Pulp volumes in the Pacific Northwest

There were both increases and decreases in the pulp export volumes of 2004 in all four customs districts (table 48).

- Average value of pulp exports

The Seattle Customs District showed a decrease in the average value for paper grades of pulp exports from 2003 to 2004, but the other three customs districts showed an increase in value (table 49).

- Chip exports

Three of the customs districts reflected a decrease in the volume of chips exported in 2004; only Seattle showed an increase. The average values of chips decreased in the Seattle and Columbia-Snake Customs Districts (table 50).

Lumber, Plywood, and Veneer

- Lumber export volumes from the Northwest

The Columbia-Snake Customs District had a decrease in the volume of lumber exports from 61.1 million board feet in 2003 to 52.4 in 2004 (table 52). The Seattle Customs District also had a decrease of 14.2 percent. Southern California lumber export volumes in 2004 were about the same as they were in 2003 (table 55). Northern California lumber exports decreased 48.9 percent in 2004 (table 56). Alaska increased lumber export volumes to 1.8 million board feet in 2004 (table 57).

- Average value of lumber exports

In the Seattle and Columbia-Snake Customs Districts, the average value of lumber exports increased from \$667.87 (per thousand board feet) in 2003 to \$742.92 in 2004 (table 54). Southern California lumber export prices rose in 2004 (table 55). Northern California (table 56) lumber export prices increased from \$361.57 in 2003 to \$777.54 in 2004. Alaska lumber prices (table 57) increased from \$1,023.87 in 2003 to \$1,087.76 in 2004.

- Oregon and Washington lumber imports

The Seattle Customs District imported 4.6 billion board feet of lumber in 2004, mostly from Canada (table 70). The Columbia-Snake Customs District imported 124.5 million board feet in 2004, compared with 166.1 million in 2003 (table 72).

- Softwood plywood exports

The volume of softwood plywood exports from Seattle Customs District increased in 2004. The average value of softwood plywood exported from the Seattle Customs District increased in 2004 (table 74), but hardwood plywood values decreased.

- Softwood veneer exports

In 2004, softwood veneer export volumes doubled in the Seattle Customs District (table 76), but decreased in Oregon. The prices rose in Oregon, but dropped for softwood veneer in Washington.

Timber Sold by Forest Service Regions

- Sold volume in Northern Region

Not all ownership numbers are available, but the amount of timber sold on National Forest lands in Montana and northern Idaho increased 119.2 percent from 2003 to 2004 (table 77).

- Sold volume in northern California

In 2004, the volume of timber sold on USDA Forest Service lands in northern California increased 75.3 percent from the 2003 total (table 85).

- Sold volume in Washington and Oregon

Oregon and Washington showed an increase of 18.6 percent in the amount of timber sold on USDA Forest Service lands from 2003 to 2004 (table 91).

- Sold volume in Alaska

In 2004, the volume of timber sold on National Forest lands in Alaska was 88.9 million board feet, compared to 56.1 million board feet in 2003 (table 97). Average values decreased from \$23.05 in 2003 to \$10.45 in 2004 (table 98).

TABLES AND FIGURES

Table 1—U.S. softwood lumber and structural panel board production, 1993-2004

Year	U.S. softwood lumber production				U.S. softwood structural panel board production
	Total softwood lumber	Western region ^a	Southern pine region	Other softwoods	
<i>----- Million board feet -----</i>					
1993	33,077	17,366	14,134	1,577	25,873
1994	33,936	17,550	14,770	1,616	26,788
1995	31,915	15,665	14,731	1,519	26,766

a Less than 1,000 board feet.

Source: U.S. Department of Commerce. Columbia-Snake Customs District includes all Oregon ports and Longview and Vancouver, Washington. Seattle Customs District includes all coastal and inland ports in the State of Washington, except Longview and Vancouver. Data are compiled from Department of Commerce records at the end of each quarter.

Note: Individual columns may not add to totals because of rounding.

Source: U.S. Department of Commerce. The valuation definition used in the export statistics is the value at the seaport or border port of exportation. It is based on the selling price (or cost if not sold) and includes inland freight, insurance, and other charges to the port of exportation. Data are compiled from Department of Commerce records at the end of each quarter.

Source: U.S. Department of Commerce. The valuation definition used in the export statistics is the value at the seaport or border port of exportation. It is based on the selling price (or cost if not sold) and includes inland freight, insurance, and other charges to the port of exportation. Data are compiled from Department of Commerce records at the end of each quarter.

Source: U.S. Department of Commerce. The valuation definition used in the export statistics is the value at the seaport or border port of exportation. It is based on the selling price (or cost if not sold) including inland freight, insurance, and other charges to the port of exportation.

Data are compiled from Department of Commerce records at the end of each quarter.

Source: U.S. Department of Commerce. The valuation definition used in the export statistics is the value at the seaport or border port of exportation. It is based on the selling price (or cost if not sold) and includes inland freight, insurance, and other charges to the port of exportation. Seattle Customs District includes all ports in the State of Washington, except Longview and Vancouver. Columbia-Snake Customs District includes all Oregon ports and Longview and Vancouver, Washington. San Francisco Customs District includes all coastal and inland ports in the State of California from Monterey north. The Anchorage Customs District is the State of Alaska.

NA = not available.

^a Prices received for individual sales may vary significantly from the averages shown in this table because of differences in species mix, quality, road costs, logging and processing costs, size and length of sale, number of bidders, and other related price determinants. Prices for stumpage on National Forest lands are high bid value. Road costs and an allowance for sale-area betterment are included in the bid.

^b Does not include cull log prices.

Average	131.25	142.47	NA	NA	NA	NA	NA	NA	NA	NA	NA

NA = not available.

^a Prices received for individual sales may vary significantly from the averages shown in this table because of differences in species mix, quality, road costs, logging and processing costs, size and length of sale, number of bidders, and other related price determinants. Prices for stumpage on National Forest lands are high bid value. Road costs and an allowance for sale-area betterment are included in the bid.

^b Includes all of the Pacific Southwest Region and the portion of the Pacific Northwest Region in California.

^c Does not include cull log sales or volume given away through free-use permits.

Source: Respective agencies listed.

^a Prices received for individual sales may vary significantly from the averages shown in this table because of differences in species mix, quality, road costs, logging and processing costs, size and length of sale, number of bidders, and other related price determinants. Before 1984, prices for stumpage on National Forest lands are statistical high bids. The statistical high bid is defined as the bid price minus credits for road costs; it includes an allowance for sale-area betterment (K-V funds). Beginning in 1984, prices for stumpage on National Forest lands are high bid value. Road costs and an allowance for sale-area betterment are included in the bid.

NA = not available.

^a Prices received for individual sales may vary significantly from the averages shown in this table because of differences in species mix, quality, road costs, logging and processing costs, size and length of sale, number of bidders, and other related price determinants. Prices for stumpage on National Forest land are high bid value. Road costs and an allowance for sale-area betterment are included in the bid.

^b Excludes sales under \$20,000.

^a Prices for individual sales may vary significantly from the averages shown in this table because of differences in species mix, quality, road costs, logging and processing costs, size and length of sale, number of bidders, and other related price determinants. Before 1984, prices for stumpage on National Forest lands are statistical high bids. The statistical high bid is defined as the bid price minus credits for road costs; it includes an allowance for sale-area betterment (K-V funds). Beginning in 1984, prices for stumpage on National Forest lands are high bid value. Road costs and an allowance for sale-area betterment are included in the bid.

^b Includes Port Orford-cedar, Alaska cedar, incense cedar, and western redcedar.

Source: Forest Service, U.S. Department of Agriculture. Pacific Northwest Region includes Oregon and Washington and a small portion of northern California.

^a Preliminary.

^b Prices for individual sales may vary from the averages shown in this table because of differences in species mix, quality, road costs, logging and processing costs, size and length of sale, number of bidders, and other related price determinants. Prices for stumpage in National Forest lands are high bid value. Road costs and an allowance for sale-area betterment are included in the bid.

^c Does not include noble fir or Shasta red fir.

Source: Forest Service, U.S. Department of Agriculture. Pacific Northwest Region includes Oregon and Washington and a small portion of northern California.

This page has been left blank intentionally.
Document continues on next page.

The **Forest Service** of the U.S. Department of Agriculture is dedicated to the principle of multiple use management of the Nation's forest resources for sustained yields of wood, water, forage, wildlife, and recreation. Through forestry research, cooperation with the States and private forest owners, and management of the national forests and national grasslands, it strives—as directed by Congress—to provide increasingly greater service to a growing Nation.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W. Washington, DC 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.
