

## Urban Areas Team

### January 2005 Monthly Report

#### Where team needs assistance:

- No assistance needed at this time

#### Meetings:

- Held a telecom on January 13<sup>th</sup>; Mike, Kathy, Twyla and Sonny were present. A set of deliverables emerged from the 20 minute conversation:
  1. A well articulated business case for multi-jurisdictional geospatial data collaboration
  2. A detailed urban data schema (i.e. types of data needed by most urban applications)
  3. Cross-boundary (jurisdictional/organizational) financial models
  4. Cross-boundary governance models
  5. Effective message to enable effective communication of all of the above.

#### Accomplishments

- Finalized charter
- Twyla McDermott volunteered to serve as co-convenor

#### Next steps

- Conduct literature review
- Set date for urban areas experts workshop
