

# RECLAMATION

*Managing Water in the West*

## Operation of Flaming Gorge Dam Final Environmental Impact Statement Technical Appendices

The mission of the Department of the Interior is  
to protect and provide access to our Nation's  
natural and cultural heritage and honor our trust  
responsibilities to Indian tribes and our  
commitments to island communities.

---

The mission of the Bureau of Reclamation is  
to manage, develop, and protect water and  
related resources in an environmentally and  
economically sound manner in the interest of  
the American public.

## TECHNICAL APPENDICES

	<i>Page No.</i>
<b>Forest Service Position Paper</b>	
Cover Letter From Forest Service.....	App-1
Addendum to the Revised (8/10/00) USDA Forest Service Position Paper, August 23, 2000 .....	App-2
USDA Forest Service Position as a Cooperating Agency Revised – August 10, 2000 .....	App-4
Flaming Gorge National Recreation Area Designation.....	App-5
Flaming Gorge Reservoir .....	App-6
Flaming Gorge-Uintas National Scenic Byway .....	App-7
Recreation and Administration of the Green River From Flaming Gorge Dam to Little Hole, Including Little Hole National Recreation Trail, Roads, Boat Ramps, Parking Areas, Restroom Facilities, Day Use Areas, and Concessionaire and Outfitter Guide Operations.....	App-7
Business Ventures and Capital in the Flaming Gorge National Recreation Area.....	App-9
Dutch John Privatization .....	App-9
Destination Resorts.....	App-9
Future Studies on Recreation Use.....	App-9
<b>Hydrologic Modeling</b>	
Results of Action and No Action Alternative Analysis .....	App-11
Introduction .....	App-11
Modeling Scope.....	App-12
Ruleset Development.....	App-13
Modeling Assmptions.....	App-15
Model Results .....	App-16
Reservoir Water Surface Elevation Results.....	App-17
Reach 1 Spring Peak Release Results.....	App-26
Flaming Gorge Spring Bypass Results .....	App-28
Reach 1 August Through February Base Flow Release Results .....	App-30
Reach 2 Spring Peak Release Results.....	App-31
Reach 2 Base Flow Release Results .....	App-33
Summary.....	App-34
Hydrologic Modeling.....	App-37
Introduction .....	App-37
Description of Modifications.....	App-37
Model Results .....	App-39
Flow Recommendations .....	App-39
Reservoir Wet and Dry Cycle Results .....	App-39
Reservoir Water Surface Elevation Percentile Results.....	App-42
Reach 1 Spring Peak Flow Results.....	App-46
Flaming Gorge Annual Bypass Release Results .....	App-46
Reach 1 August Through February Base Flow Release Results .....	App-49

<b>Hydrologic Modeling (continued)</b>	
Reach 2 Spring Peak Flow Results.....	App-50
Reach 2 Base Flow Release Results .....	App-50
Summary.....	App-53
Appendix .....	App-55
Flaming Gorge Draft Environmental Impact Statement	
Amendment to Hydrologic Modeling Report .....	App-81
Introduction .....	App-81
Data Description and Assumptions .....	App-81
Reach 3 Analysis .....	App-82
Flow Recommendations .....	App-82
Peak Flows in Reach 3 .....	App-82
Base Flows in Reach 3 .....	App-84
Summary.....	App-84
Letter, Review of the Green River Model Developed for the	
Flaming Gorge Dam EIS.....	App-87
Background.....	App-87
Review Approach .....	App-87
Findings .....	App-88
Conclusions .....	App-92
<b>Modified Run of the River Modeling Report</b>	
Introduction.....	App-95
Model Methodology.....	App-96
Model Results .....	App-97
Reservoir Wet and Dry Cycle Results.....	App-98
Reservoir Water Surface Elevation Percentile Results .....	App-98
Reach 1 Spring Peak Flow Results .....	App-103
Flaming Gorge Annual Bypass Release Results .....	App-105
Reach 1 August Through February Base Flow Release Results .....	App-105
Reach 2 Spring Peak Flow Results .....	App-106
Reach 2 Base Flow Release Results.....	App-109
Summary .....	App-109
Documentation of How Daily Inflows Were Created for the	
Modified Run of the River Alternative .....	App-110
<b>Effects of Flaming Gorge Operations Under the 1992 Biological Opinion and the 2000 Flow and Temperature Recommendations on Sediment Transport in Green River</b>	
1. Introduction .....	App-113
2. Study Reaches.....	App-115
3. Hydrology .....	App-115
4. Sediment Transport Analysis.....	App-120
4.1 Sediment Transport Quantities for Reach 1 .....	App-121
4.2 Sediment Transport Quantities for Reach 2.....	App-121
4.3 Sediment Transport Quantities for Reach 3.....	App-122
5. Conclusions .....	App-122
6. References .....	App-123

## Power System Analysis

Abstract .....	App-141
1. Introduction .....	App-141
2. Flaming Gorge Dam and Powerplant Overview .....	App-142
3. EIS Alternatives.....	App-143
3.1 Green River Flow Constraints .....	App-143
3.2 Flaming Gorge Operational Rules .....	App-146
4. Power System Modeling.....	App-151
4.1 Flaming Gorge Model.....	App-151
4.2 SSARR Model .....	App-155
4.3 AURORA Model.....	App-155
4.4 GENOPT Model .....	App-156
4.5 WL Algorithm.....	App-164
4.6 Model Integration .....	App-166
4.7 Compatibility Issues and Boundary Conditions .....	App-174
5. Flaming Gorge Powerplant Characteristics .....	App-175
5.1 Powerplant Capacity and Capability.....	App-175
5.2 Power Conversion and Generation .....	App-182
6. Projected Spot Market Prices.....	App-191
6.1 Average Annual and Seasonal Prices .....	App-191
6.2 Daily Spot Market Price Patterns.....	App-191
7. Monthly Flaming Gorge Operations and Yampa Inflows .....	App-198
7.1 Flaming Gorge Reservoir Elevations.....	App-198
7.2 Flaming Gorge Water Releases .....	App-198
7.3 Yampa Inflows.....	App-206
8. Economic Computations and Results .....	App-206
9. Cumulative Impact .....	App-219
9.1 Green River Simulations.....	App-219
9.2 Powerplant Operations.....	App-219
10. References .....	App-222
Appendix A: Hydraulic Turbine Data for Flaming Gorge .....	App-225

## Cultural Resources

Colorado Historical Society, August 30, 2002.....	App-229
Colorado Historical Society, March 28, 2003.....	App-231
State of Utah, Utah State Historical Society, December 10, 2002.....	App-233
State of Utah, Utah State Historical Society, December 29, 2003 .....	App-235
State of Utah, Utah State Historical Society, January 13, 2004 .....	App-236
State of Utah, Utah State Historical Society, May 5, 2004 .....	App-237
Wyoming State Historic Preservation Office, November 19, 2002 .....	App-238
National Park Service, Intermountain Region, July 2, 2004 .....	App-240
The Hopi Tribe, July 17, 2000 .....	App-241
Kaibab Band of Paiute Indians, August 29, 2000 .....	App-242
Ute Indian Tribe, May 24, 2004.....	App-243
Ute Indian Tribe, Tri-Ute Leader's Summit, Agenda, September 22, 2000 .....	App-245
Pueblo of Zuni, August 1, 2000 .....	App-247

<b>Recreation Visitation and Valuation Analysis</b>	
1.0 Introduction.....	App-249
2.0 Affected Environment.....	App-249
2.1 Geographic Impact Area.....	App-249
2.2 Current Conditions .....	App-252
2.2.1 Current Hydrology .....	App-253
2.2.1.1 Current Green River Flows.....	App-253
2.2.1.2 Current Flaming Gorge Reservoir Water Levels.....	App-254
2.2.2 Current Recreation Visitation.....	App-255
2.2.2.1 Current Green River Visitation.....	App-255
2.2.2.2 Current Flaming Gorge Reservoir Visitation.....	App-256
2.2.3 Current Recreation Valuation.....	App-257
2.2.3.1 Current Green River Valuation.....	App-257
2.2.3.2 Current Flaming Gorge Reservoir Valuation.....	App-257
3.0 Environmental Consequences .....	App-257
3.1 Methodology.....	App-261
3.1.1 Recreation Visitation, Economic Value, and Facility Availability Methodology .....	App-261
3.1.1.1 Green River Visitation and Valuation Analysis Methodology .....	App-262
3.1.1.2 Flaming Gorge Reservoir Visitation and Valuation Analysis Methodology .....	App-270
3.1.1.3 Green River Facility Availability Analysis Methodology .....	App-276
3.2 Results .....	App-278
3.2.1 Recreation Visitation and Valuation Results.....	App-278
3.2.1.1 No Action Alternative.....	App-279
3.2.1.2 Action Alternative.....	App-303
4.0 References.....	App-333
<b>Socioeconomics</b>	
1.0 Introduction.....	App-335
2.0 Affected Environment.....	App-337
2.1 Geographic Impact Area (Region).....	App-337
2.2 Current Conditions .....	App-338
3.0 Environmental Consequences .....	App-338
3.1 Regional Economic Impact Analysis Methodology .....	App-339
3.1.1 Regional Modeling Methodology.....	App-339
3.1.2 Commercial Operator Survey Methodology .....	App-345
3.2 Regional Economic Impact Results.....	App-346
3.2.1 No Action Alternative .....	App-346
3.2.2 Action Alternative .....	App-350
3.3 Commercial Operator Surveys .....	App-356
4.0 Bibliography.....	App-361
<b>Visual Analysis Special Report</b>	
Introduction.....	App-363
Affected Environment .....	App-363
Landscape Character .....	App-364
Scenic Integrity .....	App-364

## **Visual Analysis Special Report (continued)**

Constituent Information .....	App-365
Landscape Visibility.....	App-365
Application .....	App-365
Flaming Gorge Reservoir .....	App-365
The Green River .....	App-367
Attachments .....	App-367
Attachment 1 Compilation of Visitor's Comments, 2002 .....	App-369
Attachment 2 Compilation of Visitor's Comments, Hardcopy, 2002 .....	App-371
Attachment 3 Photographs of Flaming Gorge and Green River, 2002.....	App-389

## **Final Biological Opinion**

Cover Letter .....	App-399
Memorandum .....	App-401
Consultation History.....	App-402
Biological Opinion.....	App-405
Description of the Proposed Action.....	App-405
Scope of Biological Opinion .....	App-405
Flow and Temperature Recommendations .....	App-406
Operations under the Proposed Action.....	App-409
Use of Adaptive Management in Implementing the Proposed Action.....	App-416
Conservation Measures .....	App-416
Status of the Species and Critical Habitat.....	App-418
Colorado Pikeminnow.....	App-418
Razorback Sucker.....	App-428
Humpback Chub.....	App-438
Bonytail .....	App-444
Ute Ladies'-Tresses.....	App-449
Environmental Baseline.....	App-453
General Description of the Green River Subbasin .....	App-453
Description of the Green River Downstream of Flaming Gorge Dam .....	App-454
Green River Flows .....	App-455
Green River Water Temperatures.....	App-459
Geomorphic Processes in the Green River.....	App-461
Native and Nonnative Fishes of Flaming Gorge Reservoir.....	App-469
Native and Nonnative Fishes of the Green River.....	App-470
Riparian Communities.....	App-471
Effects of the Action.....	App-472
Analyses for Effects of the Action .....	App-472
Critical Habitat Response to the Proposed Action .....	App-474
Species Response to the Proposed Action.....	App-475
Uncertainties .....	App-485
Cumulative Effects .....	App-487
Conclusion.....	App-487
Colorado Pikeminnow.....	App-488
Razorback Sucker.....	App-488
Humpback Chub.....	App-488
Bonytail .....	App-488
Ute Ladies'-Tresses.....	App-489
Incidental Take .....	App-489
Amount or Extent of Take .....	App-490

**Final Biological Opinion (continued)**

Effect of the Take .....	App-492
Reasonable and Prudent Measures .....	App-492
Terms and Conditions.....	App-494
Conservation Recommendations .....	App-497
Reinitiation Notice.....	App-498
Literature Cited.....	App-499
