

RECLAMATION

Managing Water in the West

Operation of Flaming Gorge Dam Final Environmental Impact Statement Comments on the Draft Environmental Impact Statement and Responses

The mission of the Department of the Interior is to protect and provide access to our Nation's natural and cultural heritage and honor our trust responsibilities to Indian tribes and our commitments to island communities.

The mission of the Bureau of Reclamation is to manage, develop, and protect water and related resources in an environmentally and economically sound manner in the interest of the American public.
