

U.S. Department of Energy Supplemental Yucca Mountain Repository Environmental Impact Statement

010010

SCOPING COMMENT SHEET

Name: Jodi Dart

COMMENTS:

1. Would shipping casks be tested full-scale?
2. What would be the Quality Assurance for all TAD operations from fabrication to disposal?
3. How would DOE ensure QA standards are consistently met to ensure worker public safety?

I would prefer a response to my questions.

Please feel free to attach additional pages (if mailing, more postage may be needed).

If you want to receive information about the Supplemental Yucca Mountain Repository Environmental Impact Statement by mail, please check here and provide the following information.

Organization: Alliance for Nuclear Act.

Please note: Your comment(s) must be received by the Department of Energy by November 27, 2006 to be considered. Comments received after the close of the comment period will be considered to the extent practicable.

If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so the address and postage-paid notice are visible, then secure with tape.
