Name: Dr. Dave Koch

Title: Astrophysicist

What I do: I think of ideas for space missions and search for Earth-size planets around other Sun-like stars.

Education: Ph.D. in Physics, M.S. in Physics, B.S. in Applied Mathematics and Engineering Physics

Experience: 12 years mission planning and 16 years project research

Skills: science (physics), math, computer programming, writing and teamwork

Interests: reading, classical music, Bible study, biking, skiing

"We now know of more planets around other stars than there are in our own solar system."
