Re. Can-Span Act Rulemaking Project  
# RH11008  
to the Commissioners

About the Problem of unsolicited bulk Mail  
I am concerned about the proposed  
requirements for merchants to maintain  
suppressed list.

there are many problems & cost associated  
with this idea.

this will hurt consumers & businesses  
please consider this matter carefully  
for the home business

the suppression list will damage  
many of the legitimate business on the  
internet My specific concern is for  
harm to publishers who require  
permission from the customers  
prior to adding them to a list  
their not who can-spam was designed  
to put out of business.

the porno e-mail should have re-  
strictions, as most people don't want  
porno. e-mail, but like to get the  
e-mail offering them products, that  
they don't have to go to a market to get

Thank you
