Dear Mr. Hile,

please do not charge the do not call Registry. Leave it as is. **DO NOT CALL!** I don't want any businesses I've dealt with 10 yrs. ago or two weeks ago to call me or take up space on my answering machine tape. I don't want to have to waste my time listening to them or go through their spide to get to an emergency message. Stay off my phone & machine. If I want to deal with them I'll call them

I have to pay for & haul my own trash. Do you have any idea how many catalogs & Sunday ads I've had to pay for & carry to the dump myself? I don't want that mess & most certainly don't want anyone calling.

as citizens were finally gotten a break & don't have to be bothered. Leave it like that.

Thank you,

Mildred M. Gruver

G
