Re: Prerecorded Message EBR, Telemarketing Project No. R411001

I don't want more telemarketing calls whether automated or made with a live minion. I would like to see all calls stopped. I can call a company if I want their product or services.

I can live without a telephone but it is convenient to have one.

These telemarketing companies do not a a right to call me.

Jerry Van Herrin

I won't include my phone number.
