<<National Communications Summary, revised.doc>>

Billy,

Here are a few draft paragraphs for consideration in a revised National Communication summary that highlights the 2/14 announcement. I do not have access the lastest e-version of the CAR so I can't make the changes and send around. It is my understanding (based on your discussion with Pter Karpoff) the summary does not need other edits as all numbers are consistent with chapter 5, which is consistent with the 2/14 announcement. EPA may have other additions but Clare will not be back until tomorrow. This might get the ball re-rolling.

Margot
