The following three initiatives provide business operating efficiencies and enhance the President's ability to manage resources needed to meet emerging priorities in a timely manner.

1) As part of the 2008 Budget, the Administration is requesting a consolidation and financial realignment of the Executive Office of the President (EOP) accounts that directly support the President. The initiative would consolidate the annual appropriations of the Compensation of the President and White House Office, Executive Residence, White House Repair and Restoration, the Office of Policy Development, the Council of Economic Advisers, the National Security Council, and the Office of Administration, into a single appropriation called "The White House."

2) Also requested is a Title VIII general provision that would provide for a 10 percent transfer authority among the following accounts: The White House, Special Assistance to the President and Official Residence of the Vice President, Office of Management and Budget, United States Trade Representative, Office of National Drug Control Policy, Council on Environmental Quality, and the Office of Science and Technology Policy. Transfers from the Special Assistance to the President and the Official Residence of the Vice President account are subject to the approval of the Vice President.

3) In addition, the Administration is requesting the continuing centralization of enterprise services (rent, transportation subsidies, burn bag services, and health unit) funding for the EOP into the Office of Administration program.

This White House account, with estimated 2008 costs, includes: Compensation of the President and the White House Office (\$53.6 million), the Executive Residence at the White House (\$12.8 million), White House Repair and Restoration (\$1.6 million), Council of Economic Advisers (\$4.1 million), Office of Policy Development (\$3.5 million), National Security Council (\$8.6 million), and the Office of Administration (\$103.1 million).

For 2008, the account provides funding for personnel compensation, travel, and other basic operations of the Office. Funding to cover ONDCP's costs of the burn bags, transpor-

tation subsidies, flexible spending account administrative fees, rent-based charges from the Federal Protective Service, health unit and space rental payments to the General Services Administration has been requested by the Office of Administration as part of the effort to centrally administer common enterprise services for the Executive Office of the President. The account also provides funding for general policy research to support the formulation of the National Drug Control Strategy.

In order to provide for enhanced flexibility in allocating resources and staff in support of the President and the Vice President, and permit a more rapid response to changing national needs and priorities, the Budget contains a Title VIII general provision that provides for a 10 percent transfer authority between this account and other accounts in the Executive Office of the President.

The Spectrum Relocation Fund, created by the Commercial Spectrum Enhancement Act of 2004, streamlines the process for reimbursing Federal agencies that must relocate from Federal spectrum that is being reallocated to commercial use. Auction receipts associated with the reallocated spectrum will be deposited into the Fund. To expedite clearing of the auctioned spectrum, the statute provides mandatory spending authority for approved relocation payments. The Office of Management and Budget, in consultation with the National Telecommunications and Information Administration, will administer the Fund. Relocation costs and the timeline for relocation must be approved before funds are transferred to Federal agencies. Unused funds will revert to the general fund of the Treasury no later than eight years after they are deposited. The estimated mandatory spending is \$1,012 million from 2007 to 2012, of which all but \$58 million is transferred on a non-expenditure basis to agencies. The Budget includes a receipt account for the deposit of auction proceeds as well as a program account to provide reimbursement for the relocation of Federal systems.
