

Agency Contribution Questionnaire

National Public Health Performance Standards Program

State Public Health System Assessment Supplemental Questionnaire - Agency Contribution

Please use this questionnaire to indicate the contribution of the state public health agency to each model standard. The responses to this questionnaire can be developed at the same time of the assessment or shortly thereafter.

Model Standard Number	Question	Response <i>(please circle)</i>
Essential Service #1 - Monitor health status to identify health problems		
A1.1	How much of this model standard - Planning and Implementation around Essential Service #1 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A1.2	How much of this model standard - State-Local Relationships around Essential Service #1 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A1.3	How much of this model standard - Performance Management and Quality Improvement around Essential Service #1 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A1.4	How much of this model standard - Public Health Capacity and Resources around Essential Service #1 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
Essential Service #2 - Diagnose and investigate health problems and health hazards		
A2.1	How much of this model standard - Planning and Implementation around Essential Service #2 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A2.2	How much of this model standard - State-Local Relationships around Essential Service #2 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A2.3	How much of this model standard - Performance Management and Quality Improvement around Essential Service #2 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A2.4	How much of this model standard - Public Health Capacity and Resources around Essential Service #2 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
Essential Service #3 - Inform, educate and empower people about health issues		
A3.1	How much of this model standard - Planning and Implementation around Essential Service #3 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A3.2	How much of this model standard - State-Local Relationships around Essential Service #3 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A3.3	How much of this model standard - Performance Management and Quality Improvement around Essential Service #3 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A3.4	How much of this model standard - Public Health Capacity and Resources around Essential Service #3 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%

Model Standard Number	Question	Response <i>(please circle)</i>
Essential Service #4 - Mobilize partnerships to identify and solve health problems		
A4.1	How much of this model standard - Planning and Implementation around Essential Service #4 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A4.2	How much of this model standard - State-Local Relationships around Essential Service #4 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A4.3	How much of this model standard - Performance Management and Quality Improvement around Essential Service #4 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A4.4	How much of this model standard - Public Health Capacity and Resources around Essential Service #4 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
Essential Service #5 - Develop policies and plans that support individual and statewide health efforts		
A5.1	How much of this model standard - Planning and Implementation around Essential Service #5 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A5.2	How much of this model standard - State-Local Relationships around Essential Service #5 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A5.3	How much of this model standard - Performance Management and Quality Improvement around Essential Service #5 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A5.4	How much of this model standard - Public Health Capacity and Resources around Essential Service #5 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
Essential Service #6 - Enforce laws and regulations that protect health and ensure safety		
A6.1	How much of this model standard - Planning and Implementation around Essential Service #6 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A6.2	How much of this model standard - State-Local Relationships around Essential Service #6 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A6.3	How much of this model standard - Performance Management and Quality Improvement around Essential Service #6 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A6.4	How much of this model standard - Public Health Capacity and Resources around Essential Service #6 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%

Model Standard Number	Question	Response <i>(please circle)</i>
Essential Service #7 - Link people to needed personal health services and assure the provision of health care when otherwise unavailable		
A7.1	How much of this model standard - Planning and Implementation around Essential Service #7 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A7.2	How much of this model standard - State-Local Relationships around Essential Service #7 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A7.3	How much of this model standard - Performance Management and Quality Improvement around Essential Service #7 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A7.4	How much of this model standard - Public Health Capacity and Resources around Essential Service #7 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
Essential Service #8 - Assure a competent public health and personal health care workforce		
A8.1	How much of this model standard - Planning and Implementation around Essential Service #8 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A8.2	How much of this model standard - State-Local Relationships around Essential Service #8 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A8.3	How much of this model standard - Performance Management and Quality Improvement around Essential Service #8 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A8.4	How much of this model standard - Public Health Capacity and Resources around Essential Service #8 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
Essential Service #9 - Evaluate effectiveness, accessibility, and quality of personal and population-based health services		
A9.1	How much of this model standard - Planning and Implementation around Essential Service #9 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A9.2	How much of this model standard - State-Local Relationships around Essential Service #9 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A9.3	How much of this model standard - Performance Management and Quality Improvement around Essential Service #9 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A9.4	How much of this model standard - Public Health Capacity and Resources around Essential Service #9 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%

Model Standard Number	Question	Response <i>(please circle)</i>
Essential Service #10 - Research for new insights and innovative solutions to health problems		
A10.1	How much of this model standard - Planning and Implementation around Essential Service #10 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A10.2	How much of this model standard - State-Local Relationships around Essential Service #10 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A10.3	How much of this model standard - Performance Management and Quality Improvement around Essential Service #10 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
A10.4	How much of this model standard - Public Health Capacity and Resources around Essential Service #10 - is achieved through the direct contribution of the state public health agency?	0-25% 26-50% 51-75% 76-100%
