United States Senate
Washington, DC

Re: Wells County Multijurisdictional
Records Management/Computer
Aided Dispatch Project

Dear Senator Lugar

The Well County Government supports the application submitted by the Wells County Sheriff for the above project.

The project is the result of a cooperative multijurisdictional effort and we are all working to build an effective law enforcement communications/dispatch system for the citizens that we serve.

Your help in funding this project is critical and we appreciate your efforts.

Sincerely yours,
Wells County Commissioner Members

President Paul Bonham

C. Scott Mossburg

Kevin Woodward
