NOTE: Details may not add to totals due to rounding.

Legend for "Effective" column:

DOE = date of enactment

ei = expenditures in

eia = entered into after

hpo/a = houses purchased on or after

mocbo/a = months of coverage beginning on or after

oia = obligations issued after

pa = periods after

ppisa = property placed in service after

tstbc = transactions subject to binding contracts

 $tyba = taxable \ years \ beginning \ after$ 

tybi = taxable years beginning in

## Footnotes for JCX-9-09:

- [1] Revenue estimates are prepared using our 2009 estimating models, which rely on the Congressional Budget Office's January 2009 macroeconomic forecasts. The Congressional Budget Office plans to prepare a March revision to its baseline macroeconomic assumptions. If large-scale stimulus legislation is enacted early in 2009, the Congressional Budget Office's March 2009 revised macroeconomic forecasts could be expected to differ, perhaps significantly, from their January 2009 counterparts. In that case, we anticipate that we would revise our 2009 estimating models to reflect the Congressional Budget Office's March 2009 macroeconomic forecasts: revenue estimates prepared using these revised March 2009 macroeconomic inputs again could differ, perhaps materially, from revenue estimates of the same request using our 2009 models with January 2009 macroeconomic forecasts.
- [2] Estimated outlay effects as a result of U.S. possessions provision provided by the Joint Committee on Taxation in consultation with the Congressional Budget Office.

- [4] Loss of less than \$500,000.
- [5] Estimate includes interaction with Making Work Pay Credit and Additional Tax Relief for Families With Children.
- [6] Effective for net operating losses generated in either taxable years ending in 2008 and 2009 or taxable years beginning in 2008 and 2009.
- [7] Effective for individuals who begin work for an employer after December 31, 2008.
- [8] Estimated outlay effects provided by the Congressional Budget Office.
- [9] Estimate does not include outlay effects of the related Medicaid provision which will be provided by the Congressional Budget Office.
- [10] We estimate that approximately 7 million people, including COBRA policyholders and their dependents, would benefit from this credit for some portion of 2009.
