

**AMENDMENT TO THE AMENDMENT IN THE  
NATURE OF A SUBSTITUTE  
OFFERED BY MS. BALDWIN OF WISCONSIN**

In section 5003, in the proposed section 1705(b),  
add at the end the following new paragraph:

1           (3) Leading edge biofuel projects that will use  
2           technologies performing at the pilot or demonstra-  
3           tion scale that the Secretary determines are likely to  
4           become commercial technologies and will produce  
5           transportation fuels that substantially reduce life-  
6           cycle greenhouse gas emissions compared to other  
7           transportation fuels.

In section 5003, in the proposed section 1705, re-  
designate subsection (e) as subsection (f) and insert after  
subsection (d) the following new subsection:

8           (e) LIMITATION.—Funding under this section for  
9           projects described in subsection (b)(3) shall not exceed  
10          \$500,000,000.
