Subject: Bisphenol A - Public Comment

In Dec. 2005, I received [redacted]. The substance used as a sealant was manufactured by [redacted] and contained Bisphenol A. The sealant went through [redacted] and [redacted]. The X-Rays show this. [redacted]

I understand [redacted] has changed the method in which they manufacture this product.

I am seeking help to treat this problem and the continuing medical difficulties arising from having this substance [redacted].

Liz Malin
