

Agenda

Genetically Modified Rodent Models for Cancer Hazard Identification: Selecting Substances for Study and Interpreting and Communicating Results

Hamilton Crowne Plaza Hotel 14th and K Street, N.W., Washington D.C. (T: 202-682-0111)

8:30 AM Introduction and Welcome Dr. Christopher J. Portier, NIEHS
8:45 AM PLENARY SESSION (Chair: Dr. Christopher J. Portier)
Overview of Selected Transgenic Models Dr. John E. French, NIEHS

Experience with Transgenic Models in the NTP Bioassay Dr. John R. Bucher, NIEHS

Workshop Charge Dr. John R. Bucher

10:00 AM BREAK

10:30 AM Breakout Groups

- Group 1: Solicit comment on a process for selection of appropriate nominated substances to undergo cancer hazard evaluation in genetically modified or "transgenic" models
- Group 2: Solicit comment on issues related to the proper interpretation of results from "transgenic" cancer models, the implications of these findings for public health decisions, and the most appropriate interpretive language to describe the results of such studies to the scientific/regulatory communities and the public

Noon LUNCH (on your own)

1:00 PM Breakout Groups (continued)

2:30 PM BREAK

3:15 PM PLENARY SESSION (Chair: Dr. Albert Munson, NIOSH)

Breakout Group Reports

Open Discussion

4:30 PM ADJOURN

This workshop is sponsored by the National Toxicology Program and was organized by the National Institute of Environmental Health Sciences / National Institutes of Health.
