Dear Dr. Varmus:

On behalf of the Office of Science Education Policy, I would like to thank you for your role in making the NIH Mini-Med School Program such a success.

The most important part of the program's success was its teachers. Your lecture and discussion on Cancer provided valuable information and was enthusiastically received by the participants.

Your time and investment in creating a public that understands science is greatly appreciated. We look forward to working with you again.

Sincerely,

Bonnie R. Kalberer
Director
Office of Science Education Policy
