1	How many M.D.s and Ph.D.s are being trained on our NRSA T32 grants? This question is asked frequently of our office.	QVR?	Elaine Sirkis		April-03
2	Is there any way through our NIH databases that we can request how many M.D.s and Ph.D.s are trained on all of our multigrant mechanisms? This is the sort of info we should have at our fingertips. 1) A column to list the highest degree received at the time of the appointment. It should appear as M.D., Ph.D., B.A., B.S., M.S., etc. We enter the info from the 2271 and should be accessible. 2) We would like to run the report from inception to present or request certain years at a time; i.e., years 6–10. This is info that is usable on a daily basis. 3) Would it be possible to list how many pre-doc and post-doc slots have been awarded--not clumped together? This grant was awarded 4 pre-doc and 5 post-doc slots. The report shows under "Trainees" how many we have entered into the system and not the awarded number.	QVR?	Elaine Sirkis		April-03
3	TA-WIP screen. Can this be sped up? Performance seems slow.	TA	Steve Fitz		March-03

	Request	Module (X-Train, TA/Payback, QVR)	Requestor	Priority	Submitted Date
4	Can we add degree info to TA8070 (IRDB Fellowship Maintenance Screen) to over-ride application business rules? (This is related to request to sweep F31 records.)	TA	Carin Sprick		May-03
5	Modify TA8070 to show the parent grant in the hit list, even if an amendment exists. Problem is that if there's an amendment, it's showing up instead of the parent. Require an explicit entry of the amendment for it to show up.	TA	Carin Sprick		March-03
6	Data sweep all F31s grant to make sure they are all pre-doc. Causing problems with payback calculations. It has been decided to evaluate the activity code for fellowship records.	TA	Carin Sprick		May-03
7	Allow printing of APAC form on user desktop.	TA	Marie Willett		December-02
8	Allow OFM access to payback module for purposes of updating financial payback status.	TA	Marie Willett		March-03
9	Add Termination Notice ability to X-Train.	Xtrain	WETS		January-03
10	Add Trainee registration to X-Train.	Xtrain	WETS		January-03
11	Add ability to enter research assistants via X-Train (when OMB approves 2271 for its use).	Xtrain	WETS		January-03
12	Modify COM1100 to display a payback status code for individuals that DO NOT have a payback obligation. Currently, the system does not consistently show a payback status code when there is not an obligation.	TA	Payback Center		May-03
