

NIH eRA Commons Demo

The NIH eRA Commons demonstration site gives you the opportunity to use the new version of the NIH eRA Commons, see how to navigate through it and show some of the information that is available to you. You will log in as a Principal Investigator (PI) and look at the data for a sample grant application. Review the steps for logging into the demo site on this page and then look through the following pages for navigation tips. Finally, go to the demo site and test it yourself.

1. Go to the NIH eRA Commons Web site,
<https://commons.era.nih.gov/>.
2. Click **Enter Commons Demo** under title, About the Commons.
3. Select **demo_PI** from the dropdown menu under Commons Login.
4. Click **Login**.
5. Click **Status** on the horizontal tab bar.

The following pages provide complete instructions for entering the demo site, perusing the data and learning how to navigate.

System Notification

1. The NIH Commons will be unavailable December 8th and 12th, from 9 a.m. to 12 (noon) to allow us time to update our firewall policies.
2. The NIH Commons version 2.2.0.0 was successfully deployed on December 6, 2002. Please see release notes on our "support page" for additional information.

NIH Commons Version 2.2.0.0
of institutions. All institutions will be able to register and use the Commons in January 2003.

What's NEW on the COMMONS

For those Institutions previously registered with the Commons, account data has been migrated. These institutions are asked to validate their institution information and account profile information upon receiving access to Commons to ensure that the migration was appropriately performed.

Commons now includes the following functionality which may be beneficial to your organization:

- ▶ **Status** – This facility allows a Principal Investigator to review the current status of all their grant applications and review detailed information associated with the grant. Institution Officials (i.e. Signing Official (SO) or Administrative Official (AO) associated with the institution) are able to see a summary view of grant applications, review the Notice of Grant Award, and access the Progress Report page.
- IN PILOT** ▶ **eSNAP** – This facility allows an institution to review non-competing grant data and perform a progress report submission online.
- ▶ **X-Train** – Through the Commons, our X-Train application is available for institutions registered to use X-Train.
- IN PILOT** ▶ **Internet Assisted Review (IAR)** – IAR allows a Reviewer to submit critiques and preliminary scores for applications they are reviewing. Allows Reviewers, SRAs, and GTAs to view all critiques in preparation for the meeting. IAR creates a preliminary summary statement body containing submitted critiques for the SRA or GTA.
- IN PILOT** ▶ **Financial Status Reports (FSR)** – FSR allows electronic submission of financial information associated with a grant.
- ▶ **Administration** – An Account Administration module includes the ability for an Institution to create and manage user accounts associated with your institution. Additionally, this module allows the Institution's Signing Official (SO) to maintain the institution information on file at the NIH.
- ▶ **Personal Profile** – Account data maintained by the NIH such as Degrees, Addresses, and Publications.

Status Page Demo

The screenshot shows a Microsoft Internet Explorer browser window displaying the eRA Commons Status page. The address bar shows the URL: https://commons.era.nih.gov/commons-demo/status/statusMenu.jsp?menu_itemPath=Status. The page header includes the National Institutes of Health logo and the text "NATIONAL INSTITUTES OF HEALTH eRA Commons". A welcome message for "demo_PI" is displayed, along with the institution name "University of Biomedical Research" and the authority "PI". A navigation bar contains links for Home, Administration, Institution Profile, Personal Profile, Status, and X-Train. Below this is a sub-navigation bar with a link for "PI Status". The main content area explains the "Status" menu, stating that it allows users to search for proposal and Type 5 report information, with access determined by privilege. A red arrow points from a text box at the bottom of the page to the "PI Status" link in the sub-navigation bar.

PI Status

Status

The **Status** menu allows you to search information about status of proposals and Type 5 reports. Access to the Status of a proposal is determined by privilege. If you have Signing Official (SO) privilege, you may search the status of proposals and Type 5 reports of all Principle Investigators (PIs) for your institution. If you have PI privilege, you may view status of proposals that you are listed as the Principal Investigator. The content of the status information displayed is comprehensive, including proposal status and history, study groups and members, Scientific Review Administrator, Grants Management Specialist, Program Official, and Advisory Council.
