

USING TECHNOLOGY TO STUDY CELLULAR AND MOLECULAR BIOLOGY

Delaware Science GLEs: Grades 9 – 12

Lesson	GLE	Descriptor
3	1.1	Identify and form questions that generate a specific testable hypothesis that guide the design and breadth of the scientific investigation.
3	1.2	Design and conduct valid scientific investigations to control all but the testable variable in order to test a specific hypothesis.
1, 2, 3	1.3	Collect accurate and precise data through the selection and use of tools and technologies appropriate to the investigations. Display and organize data through the use of tables, diagrams, graphs, and other organizers that allow analysis and comparison with known information and allow for replication of results.
2, 3	1.4	Construct logical scientific explanations and present arguments which defend proposed explanations through the use of closely examined evidence.
2, 3	1.5	Communicate and defend the results of scientific investigations using logical arguments and connections with the known body of scientific information.
All lessons	1.6	Use mathematics, reading, writing and technology when conducting scientific inquiries.

Delaware Mathematics GLEs: Grades 9 & 10

Lesson	GLE	Descriptor
1	1	Determine the appropriateness of an answer by using number sense or estimation.
1	1	Represent and operate with very large and very small numbers.
1	1	Select and use appropriate methods and tools for computing from among mental computation, estimation, calculators, paper and pencil, and computers according to the context and nature of the computation.
1, 2	6	Select and use various types of reasoning and methods of proof.
1, 2	7	Communicate mathematical thinking coherently and clearly to peers, teachers, and others.
1, 2	7	Use the language of mathematics to express mathematical ideas precisely.
1, 2	8	Recognize and use connections among mathematical ideas.
1, 2	8	Recognize and apply mathematics in contexts outside of mathematics.

Delaware Reading and Research GLEs: Grade 10

Lesson	GLE	Descriptor
2, 3, 4	2.1	Apply and use the meanings of high frequency Greek and Latin derived roots and affixes to determine the meaning of unknown words.

DELAWARE ALIGNMENT FOR NIH SUPPLEMENT USING TECHNOLOGY TO STUDY CELLULAR AND MOLECULAR BIOLOGY

2, 3, 4	2.3a	Use “During Reading” strategies by assimilating prior knowledge, making and revising predictions, generating and answering questions, summarizing, rereading to clarify information, adjusting reading rate, inferring information, using mental imagery, seeking the meaning of unknown words, and analyzing story/literary elements and text structure.
2, 3, 4	2.3c	Explain personal connections to the ideas or information in the text(s).
2, 3, 4	2.3c	Restate in own words the main events in the text.
2, 3, 4	2.3c	Using a graphic organizer or other note taking technique to record important ideas or information.
2, 3, 4	2.4bI/T	Apply essential information from text features (e.g., title, author, cover, pictures, captions, maps, chapter headings, information from charts and graphs, illustrations, glossaries, indices) to enhance understanding of text.
2, 3, 4	2.4bI/T	Analyze text structures in informative/technical texts (sequence/chronological order, classification, definition, process, description, comparison, problem/solution, simple cause/effect) to make meaning of text.
2, 3, 4	2.4bI/T	Analyze the unique features of various informative texts (e.g., newspapers, magazines, product information, consumer materials, manuals, editorials) to enhance understanding of the text.
2, 3, 4	2.4d	Summarize the main ideas and supporting details in an informative/technical text.
2, 3, 4	2.4d	Restate in order the steps of a task in an informative/technical text.
3	2.4f	Create meaning from a variety of media.
2, 3, 4	2.4i	Make strongly implied inferences about content and concrete ideas in a text and identify appropriate text support.
2, 3, 4	2.4i	Use the combination of background knowledge and explicitly stated information from the text to answer questions they have as they read.
2, 3, 4	2.4i	Make connections between conclusions they draw and other beliefs or knowledge.
2, 3, 4	2.4k	Draw on prior knowledge and experience to connect personally to text (text-to-self connections).
2, 3, 4	2.4k	Draw on prior knowledge of the world (other books, television, movies) to make text-to-world connections.
2, 3, 4	2.5a	Connect and synthesize information from increasingly different sources to generate new information/new ideas or expand prior knowledge (text-to-text and text-to-self connections).
2, 3, 4	2.5b	Analyze information in a text to develop a logical opinion.
2, 3, 4	2.5d	Draw conclusions (including implied main ideas) that require analysis and/or evaluation.
2, 3, 4	2.5f	Analyze the completeness, accuracy and/or clarity of the information in a complex text.
3, 4	3.1a1	Use multiple sources of information (books, television, videos/DVDs, resource people, cassettes, dictionaries, recordings, encyclopedias, and available databases).
2, 3	3.1a1	Use teacher-selected Internet sites and databases to access information.
All lessons	3.1a2	Organize and interpret gathered information using various graphic organizers.
3, 4	3.1a2	Relay facts from research.
3, 4	3.2b	Present gathered information in an oral or written format, which uses sentences organized in paragraph form to tell about a designated topic, incorporates information from more than one source, includes information relevant to topic and purpose, identifies source of information, fulfills the identified purpose as clearly indicated in the thesis statement, utilizes an

DELAWARE ALIGNMENT FOR NIH SUPPLEMENT USING TECHNOLOGY TO STUDY CELLULAR AND MOLECULAR BIOLOGY

		organizational plan for combining paragraphs to address a designated purpose and topic, incorporates information from multiple sources, and summarizes and/or paraphrases information from sources.
2, 3, 4	3.3b2	Draw conclusions (including implied main ideas) that require analysis and/or evaluation.
Delaware Writing and Oral Communication GLEs: Grade 10		
Lesson	GLE	Descriptor
3, 4	1.1	Writers will produce texts that exhibit the following text features, all of which are consistent with the genre and purpose of the writing: development, organization, style, and word choice.
3, 4	1.2	Writers will produce texts that exhibit the following language conventions at all grade levels: sentence formation, conventions.
3, 4	1.3	Writers will produce examples that illustrate the following classifications: by the completion of the grade, writers will be able to write persuasive, informative, and expressive pieces.
3, 4	1	Students understand that informative writing is subject-centered; the need to communicate information clearly so that the audience can understand the content/subject is the most important consideration.
3, 4	1	Acknowledge reader's positions or beliefs about ideas or issues, understand implications for the writer, and adjust content accordingly.
3, 4	1	Write to audiences that can be increasingly distant and abstract (e.g., unknown audiences such as politicians, leaders/owners of businesses [CEOs], in addition to more familiar "others" from previous grades).
3, 4	1	Students self-select appropriate forms and/or respond to assignments for a variety of occasions.
3	1	Present a clear defensible position that supports, opposes, or qualifies the issue/question.
3	1	Support position with reasons that could include relevant facts, statistics, credible personal and expert opinions, examples, and/or insightful commentary.
3, 4	1	Text-based writing: combine information from text and prior knowledge to elaborate upon ideas in writing (text-to-self, text-to-text, text-to-world connections) that reveal to the reader the writer's depth of understanding of the issue.
3, 4	1	Provide relevant information, reasons, and/or details to elaborate or clarify the subject (e.g., personal opinion based on experience/ observation, verifiable facts, examples, explanations, definitions).
3, 4	1	Text-based writing: combine information from text and prior knowledge to elaborate upon ideas in writing (text-to-self, text-to-text, text-to-world connections) that reveal to the reader the writer's depth of understanding of the topic.
3, 4	1	Informative writing: Develop a conclusion that moves beyond summary (e.g., reinforcing the importance of the information, raising related issues, and/or generating a new hypothesis).
3, 4	1	Use Standard Written English conventions (and when appropriate, variations thereof) to achieve purpose and create effective style and voice. Deviations from SWE (e.g., dialect, slang) should have a specific rhetorical function.
3, 4	1	Use active and passive voice appropriately and consistently.
3, 4	1	Spell frequently used words correctly, and use effective strategies for spelling unfamiliar words.
All lessons	1.4	Orally communicate information, opinions, and ideas effectively to different audiences for a variety of purposes.

DELAWARE ALIGNMENT FOR NIH SUPPLEMENT USING TECHNOLOGY TO STUDY CELLULAR AND MOLECULAR BIOLOGY

All lessons	1.4	Choose words and use voice appropriate to audience and purpose (e.g., inform, persuade, entertain).
All lessons	1.4	Speak and listen for a variety of audiences (e.g., classroom, real-life) and purposes (e.g., awareness, enjoyment, information, problem solving).
All lessons	1.4	Share impromptu remarks about topics of interest to oneself and others.
All lessons	1.5	Listen to and comprehend oral communications.
All lessons	1.5	Follow basic directions
All lessons	1.5	Listen attentively by making eye contact, facing the speaker, asking questions, and paraphrasing what is said.
All lessons	1.5	Ask and respond to questions from teachers and other group members.
All lessons	1.5	Summarize and explain information conveyed in an oral communication accounting for key ideas, structure, and relationship of parts to the whole.
All lessons	1.5	Distinguish among purposes for listening (e.g., gaining information, being entertained) and take notes as appropriate.
All lessons	1.6	Develop vocabulary and the ability to use words, phrases, idioms, and various grammatical structures and means of improving communication.
All lessons	1.6	Give and follow oral directions.
All lessons	1.6	Use complex sentence structure.
All lessons	1.7	Participate effectively in a discussion.
All lessons	1.7	Participate in a variety of roles in group discussions (e.g., active listener, contributor, discussion leader).
All lessons	1.7	Listen attentively, demonstrating respect for the opinion of others.
All lessons	1.7	Explain opinions by citing evidence and referring to sources.
All lessons	1.7	Participate in discussion without dominating.
Delaware Health Education GLEs: High School		
Lesson	GLE	Descriptor
All lessons	EH:3.3	Know skills for effective speaking (e.g., I-statements, eye contact, assertiveness), listening (e.g., reflective listening) and non-verbal communication.
