

Subject: Non-animal testing

Date: Thursday, May 31, 2007 8:21 PM

Thank you for your time. This e-mail is to ask you to please accept internationally validated non-animal methods, including non-animal test methods for skin and eye irritation, phototoxicity, and pyrogenicity, and to follow the additional December 2006 recommendations of the animal protection community.

Thank you,  
Chad Horton
