

**Subject:** non animal testing

**Date:** Wednesday, June 6, 2007 10:25 PM

**From:** Jerri Miller

I am so against animal testing. It rarely teaches us anything we need to know and it tortures...abuses...murders animals.

Please...allow Non Animal testing to become the priority and the method of finding answers.

There is a myriad of non animal tests available.

Please help animals to stop suffering.
