NIH Guide for Grants and Contracts

- The NIH Guide is the official publication for NIH medical and behavioral research grant policies, guidelines and funding opportunities.
 - <http://grants.nih.gov/grants/guide/index.html>
- Each Friday the Table of Contents for that week's postings is sent to a listserv
 - Join/leave list at:
<https://list.nih.gov/archives/nihtoc-l.html>

Are the notices related to electronic administration providing the appropriate level of detail?

Extramural Nexus

- The Extramural Nexus is a bi-monthly update on NIH policies and activities related to extramural research.
 - <http://grants.nih.gov/grants/nexus.htm>

Does it get the right message (content, level of detail, tone) to the right people?

Suggestions for improving coverage of electronic grant administration?

Listserv Communications

- Interactive listservs (2-way; discussions within listserv membership)
 - ERA_COMMONS_WRKGRP@LIST.NIH.GOV
 - NIH_ESUB_SYS2SYS-L@LIST.NIH.GOV
- eRA Commons Help Desk remains first line of support
- Used to share experiences/suggestions and to raise awareness of impact

Are these listservs effective?

Listserv Communications

- eSubmission Informational listservs (1-way; NIH sends)
 - NIH_ESUB_PI-L@LIST.NIH.GOV
 - NIH_ESUB_AOR_SO-L@LIST.NIH.GOV
- Do not currently have a generic Commons listserv

Is it time to roll eSubmission into more generic Commons listserv?

Suggestion for discussion

- Create a new generic listserv for all eRA Commons notifications and updates
 - Should we roll eSub listservs into generic list and discontinue their use?
 - Benefits/pitfalls of seeding list with Notification Email Address included in institutional profile?
- Communicating change and getting subscribers
 - NIH Guide
 - Commons Alert
 - Listserv communication
 - Subscription Alert on eRA Website

Overview of the eRA Commons

eRA Commons is an online interface where grant applicants, grantees and federal staff at NIH and grantor agencies can access and share administrative information relating to research grants.

The functions available to a user in Commons are based on the 'role' associated with their eRA Commons account (see [eRA Commons Roles](#)).

eRA Commons users, based on their role, can conduct a variety of business in Commons, including:

- Track the status of their grant applications through the submission process, view errors and/or warnings and check the assembled grant image.
- View [summary statements](#) and [score](#) letters following the initial review of their applications.
- View [notice of award](#) and other key documents.
- Submit [Just-in-Time](#) information (SO only) requested by the grantor agency prior to a final award decision.

Feedback encouraged!
