Internet Assisted Review (IAR)

April 16, 2003

Internet Assisted Review (IAR) was moved into a Pilot phase during December 2002. As of April 2003, ten SRAs, representing CSR, NLM, NIAID, NINR, NIDDK, have used IAR for a total of 16 meetings.

Additional SRAs and their Reviewers will be participating during May, June and July. Reviewers assigned to these meetings will be invited by their SRA to create NIH eRA Commons accounts and use IAR. IAR will be released to all NIH SRAs, GTAs and their Reviewers following the July 2003 release.
